## Expect Soviet To Be Overridden On Two U. N. Issues

Final Approval Of Year-Round "Little Assembly" Is Forecast Today

### U. S. KOREAN PLAN APPROVAL SEEN

FLUSHING MEADOWS, N. Y., Nov. 13.—(INS)—The United Nations General Assembly is expected today to override Soviet opposition and vote final approval for the year-round "Little Assembly" and the U. S. plan for Korean independence.

The 57-nation plenary body is equally certain to give the Soviet Union at least one victory by electing the Ukraine to the 1948 Security Council as successor to Poland.

This breaking of the weeks-long deadlock was made possible by the withdrawal of India as a candidate for the council seat.

**Fight May Develop**  
A continued fight may develop over the seat in the economic and social council for which both India and Canada are campaigning.

Hints by India that in return for the withdrawal of her candidacy for the Security Council seat, she should be favored for the economic council over Canada has little response.

A third point on the assembly agenda is the selection of next year's meeting place for the General Assembly.

A joint resolution by Sweden and France calls for the 1948 General Assembly to be held in Europe. The French government wants Versailles or Paris designated.

## Seek Support For Long-Range Tax Cut Plans

WASHINGTON, Nov. 13.—(INS)—Prominent business leaders sought congressional consideration today of their long-range plan for nearly a one-third cut in federal taxes, including a six billion dollar reduction next year.

The proposed plan was offered by the 21-man research and policy group of the committee for economic development, a private organization of foremost businessmen, as a step toward preventing booms and busts in the American economy.

The committee also urged establishment of a new government budget system providing for taxes to be overhauled and set at a level which would make funds available for public debt reduction "at an agreed high level of employment and national income."

Although the committee called for a sharp cut in 1948 taxes, its proposals strictly were long-range and aimed at encouraging business expansion in the postwar period.

## Fall From Horse Fatal To Huntsman

WEST CHESTER, Pa., Nov. 13.—(INS)—Will Leverton, 70, Huntsman for the Sewickley Riding Club, was killed instantly today in a fall from a horse near West Chester.

Leverton was trying out a horse he intended to purchase on the farm of Thomas McKelvey when his mount stepped into a hole. The rider was pitched off and died of a broken neck.

The Huntsman was well known in riding circles throughout the state. Previously, he served 35 years with the Radnor Hunt Club.

## Recommend Probe Of Bond Speculations By Federal Officials

By WILLIAM THEIS (N. S. Staff Correspondent)  
WASHINGTON, Nov. 13.—(INS)—Sen. Ferguson (R. Mich.) recommended today that the senate investigate how many federal officials "cashed in" on wartime speculation in government bonds as disclosed in the Howard Hughes inquiry.

The chairman of the senate war investigating subcommittee recessed the Hughes hearings until Saturday and launched a "new phase" of his aircraft contract probe.

Army procurement officials were expected to be called as the committee began a check on the relations of former Maj. Gen. Bennett Meyers with plane-makers other than Hughes.

Two main questions, it was indicated, remain to be answered in the new hearings:

Police Probe Murder Of Society Matron—Question City Employee

### BODY OF WOMAN BULLET-RIDDLED

INDIANAPOLIS, Nov. 13.—(INS)—An Indianapolis city employee was questioned today in connection with the attack-murder of Mrs. Mary Louise Burney, 39, prominent society matron whose bullet-riddled body was found in her home in an exclusive section of the city.

Her body was discovered yesterday by her husband, Herschel Burney, 47, a broker, when he returned home and found the house in disorder, indicating a terrific struggle had taken place.

Near the body was a large butcher knife and two empty 16 gauge shotgun shells.

**Question Man**  
Held for questioning was Robert Austin Watts, 25, an employee of the Indianapolis asphalt plant who, police said, admitted attempting to attack another woman in the neighborhood a few hours earlier.

The victim of the attempted attack was Mrs. Harriet Stout, 23, executive secretary of the Indiana League of Women's Voters.

Mrs. Stout said that a man, later identified by police as Watts, came to her home yesterday and asked permission to use the telephone. She said she admitted him when she noticed his city truck parked outside.

She told police that the man drew a butcher knife and held it against her throat but she tore (Continued on Page Two)

## Begin Campaign To Raise \$20,000

### Highland U. P. Congregation Launches Drive For Fund Wednesday Night

Members of Highland U. P. church opened their completion campaign when \$20,000 will be raised, with a dinner Wednesday evening in the church dining room. The money will be used for eliminating the \$5,100 remaining from the original church debt of \$75,000, and for the completion of the church basement to make rooms for the growing number of Bible school classes.

Following the dinner, pledge cards were distributed to the 185 people present. At that time the amount of \$9,577.64 was reported as raised by subscription. The church membership has been divided into 20 areas, 16 of whom reported Wednesday evening. One-third of the congregation has already been approached.

The division, headed by Robert McClurg, entirely completed its solicitation with over \$1,000 being subscribed.

**Dr. Flannery Presides**  
Dr. Wilbur E. Flannery presided at the meeting. Mrs. Clark McClelland, accompanied by Mrs. S. Glenn McCracken, sang two vocal selections. Group singing was led by J. O. Huston.

Dr. Flannery presented Mrs. James Vogan, Ellwood Gilbert, Roy F. Conway and Dr. D. L. Ferguson, all of whom spoke on the need for raising the money.

A tasty meal was served by the Naomi circle under leadership of Mrs. Thomas Francis. Place cards were in the form of miniature thermometers, three of which were specially marked. When \$1,000 was reported, Mrs. C. G. Lindner filled in that amount on the large thermometer, drawn by Harold Lose. Mrs. Donald Headings did the same when \$3,000 was raised, while Mrs. Henry Breneman who had the third lucky place card, filled in the amount when \$5,100 was reported. Each of the women received an angle food cake.

The campaign committee feels encouraged at the project's beginning and hope to reach their goal in two weeks.

## Testimonial For T. E. Chambers

Floyd Scheidemantle, above left, of Ellwood City, is shown presenting a watch to T. E. Chambers, local automobile dealer, at a testimonial dinner held in Mr. Chambers' honor last night at the New Castle Country club.

Honoring T. Emmett Chambers for many years of service as a distributor of Chrysler automobiles, a group of about 35 or more former dealers tendered him a testimonial dinner in the New Castle Country club Wednesday night.

Present were men from this county, Mercer, Beaver, Butler, Crawford, Clarion and Forest counties.

R. W. McMullen of Beaver Falls was the toastmaster of the evening and several short addresses were heard.

## United Engineering To Have 'Open House'

New Castle and Lawrence county citizens will have an opportunity of seeing a modern engineering plant in operation November 22.

Howard B. Cummings, general superintendent of the United Engineering and Foundry Company announced today that an Open House will be held at the plant on that day. The hours will be from ten to four.

The Open House will be for everybody who cares to attend. All operations consistent with safety will be shown the guests. The foundry with its giant molding pits, the machine shop with its intricate equipment, core making, chipping, machining, everything that goes on in the giant plant will be on view and guests will see for themselves just how United turns out the huge pieces of machinery that go to all parts of the world.

Guides will be provided and the guests taken upon a tour of the entire plant. There are no restrictions upon who can attend the Open House. It is for everybody interested enough to accept the invitation.

## Weatherman Insists Snow And Colder Is Forecast Tonight

(By International News Service)  
The weatherman predicted scattered snow flurries and somewhat colder for western Pennsylvania tonight.

Below freezing temperatures predicted for today, failed to materialize and the mercury halted at an average of about 35 degrees he said.

A low of 22 degrees was forecast for tonight with a high tomorrow of about 36 degrees. Snow was predicted in the mountains and the Allegheny basin.

## Wants House Vote On Citations On Contempt Charges

WASHINGTON, Nov. 13.—(INS)—Rep. McDowell (R. Pa.), declared today that he will urge the Un-American Activities committee to place before the House for a vote the contempt citations against 10 Hollywood writers, directors and producers.

McDowell said he will "strongly urge" that this action be taken when the committee meets today to consider the citations.

The Pennsylvania announced his opposition to having the citations certified by Speaker Martin without being passed upon by the House. Under law, when the House is in recess the speaker may forward contempt citations to the U. S. attorney for grand jury action.

McDowell pointed out, however, that Congress will convene again Monday in special session and asserted he will urge his colleagues to delay the citations until the House meets. In that way they would go before the House for a vote.

## Italian Fighting Takes Two Lives

MILAN, Nov. 13.—(INS)—Two persons were killed and two seriously injured Wednesday in violence between communist and rightist groups in northern Italy.

## New Lighting System For Taggart Stadium Authorized By Board

Football at Taggart Stadium in 1948 will be lighted with the modern lighting system. On Wednesday night the board of school directors awarded a contract to the Bruce-Merritts Company for the installation of a new flood lighting system at a cost not to exceed \$24,085.

Three bids were received. Marvin Electric Company bid \$34,986 and the Frederick Lighting Company of Akron, presented a bid which totalled about \$36,791.14.

The new lights will be supplied from six steel towers, 103 feet high, with each tower having a bank of twenty-six 1500 watt lamps. The (Continued on Page Two)

## Shira Resigns As Member Of School Board

Attorney William D. Coban Is Named To Fill Vacancy Until 1949 Election

Due to ill health, C. Leroy Shira, a member of the New Castle School board for the past eight years, resigned Wednesday night, November 12. In his place Attorney William D. Coban was named until the election in 1949, and was sworn in before the board adjourned.

Mr. Shira has been a valuable member of the board for eight years. An engineer by profession, his experience was invaluable to the other members of the board in matters of new construction and other matters involving engineering.

As a member of the recreation board he spent countless hours in providing recreational facilities for the youngsters of the city. He took his duties as a board member seriously and gave of his time and talents freely.

His resignation was accepted with regret and Secretary John B. Bechtel was instructed to send him a letter of appreciation from the board for his services to the cause of education.

Director Earle M. Brookover was appointed to succeed Mr. Shira on the recreation board.

President Of Slippery Rock State Teachers College Warns Against "Isms"

LADIES GUESTS ON ANNIVERSARY  
Addressing members of the New Castle Kiwanis Club, their ladies, and guests, at the 27th anniversary observance in Westfield Grange, Wednesday evening, Dr. Dale Houk, president of Slippery Rock State Teachers College, pointed out the dangers of various "isms" including too much nationalism.

He urged instead, a closer adherence to the things which made our country great, and urged his audience to befriend them and work for them.

The ladies of Westfield Grange had prepared one of those "country style" chicken dinners, for which they are famous, to start out the evening, and everyone had done full justice to this, they repaired to the auditorium for the evening's program.

## Mail Robbery Suspect Is Held In Illinois

KANKAKEE, Ill., Nov. 13.—(INS)—Robert W. McCloy, 22, sought in connection with a \$23,000 mail robbery, was arrested in Kankakee early today.

McCloy was picked up by local and Federal Bureau of Investigation officers while leaving a tavern. He was located on a tip by a tavern operator that "a young man" was in there flashing a lot of money.

He was taken to Kankakee jail for questioning.

## Former Sheriff Would-Be-Suicide

HONESDALE, Pa., Nov. 13.—(INS)—Former Wayne County Sheriff Nicholas B. Spencer, 77, of Honesdale is reported in a critical condition in Wayne Memorial hospital after shooting himself in the head with a .38 calibre revolver.

State police were investigating a report that the ex-Honesdale police chief had telephoned Franklin Myers, an undertaker, and said:

"Come and get me. I shot myself."

Dr. R. C. Canavan said Spencer had suffered a "self-inflicted bullet wound of the skull."

## Troops Bolster Police Forces In French City

Second Largest City Of France Faces Communist Threatened General Strike

### PORT FACILITIES ALREADY TIED UP

(BULLETIN)  
MARSEILLE, Nov. 13.—(INS)—French army troops bolstered police in riot-torn Marseille today as the government tightened security measures in the face of a Communist-threatened general strike.

An estimated 80 per cent of the huge port facilities already are paralyzed, even before the general strike vote has been taken.

Public opinion is mounting against what non-Communists denounced as an outright Communist attempt to regain control of France's second largest city by illegal and violent means.

**Pretext To Seize Control**  
Most citizens appeared to regard labor objections to increased trolley fares as only a pretext for an attempt to seize control.

For the last eight days, the Communist paper in Marseille has been crusading against the new municipal council which is composed mainly of followers of Gen. Charles DeGaulle.

Approximately 3,000 soldiers in Marseille and from the suburbs were alerted. They were readied in the city's barracks and placed at the disposition of the prefect of police.

Fifteen hundred mobile guards joined gendarmes in guarding strategic buildings to prevent a recurrence of yesterday's seizure of the city hall by a Communist mob. A particularly heavy force guarded the prefecture itself.

**First Stop Work**  
Relative quiet prevailed as the premature walkouts began.

Sailors, dockmen, metal workers, building masons, and chemical workers were among the first to stop work.

## Huge Air Fleets For War Cost U.S. Over 46 Billions

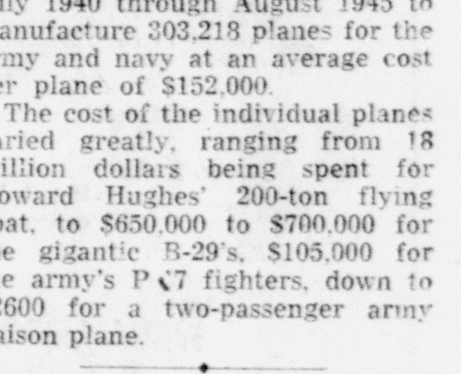

WASHINGTON, Nov. 13.—(INS)—Congressional probers revealed today that it cost an average of \$152,000 each to manufacture the planes for America's gigantic wartime air fleet.

A house executive expenditures subcommittee headed by Rep. Bender (R. Ohio), provided a vivid illustration of the stupendous cost of the war with a breakdown of figures on the expense of the airplane procurement program.

The group, which is investigating wartime contracts, revealed that \$46,237,000,000 was spent from July 1940 through August 1945 to manufacture 303,218 planes for the army and navy at an average cost per plane of \$152,000.

The cost of the individual planes varied greatly, ranging from 18 million dollars being spent for Howard Hughes' 200-ton flying boat, to \$650,000 to \$700,000 for the gigantic B-29's, \$105,000 for the army's P-47 fighters, down to \$2600 for a two-passenger army liaison plane.

But the fishing season is done and gone and the trout seem to have gone away, so he sits and dreams of a finny prize, it's cool, forty-four today.

## Russia Scores Victory In U. N.

The Ukraine Is Elected To Place On 1948 Security Council

(BULLETIN)  
FLUSHING MEADOWS, N. Y., Nov. 13.—(INS)—Russia scored a long-delayed victory in the United Nations General Assembly today with election of the Ukraine to the 1948 Security Council.

The 57-nation plenary, informed that India had withdrawn her rival candidacy, voted promptly for the Ukraine by casting 35 in her favor and two for India. Fifteen nations abstained.

The election broke the deadlock precipitated a month ago when the United States vigorously opposed the Ukraine's candidacy on the grounds that it is an integral part of the Soviet Union.

The General Assembly's vote completed the shaping of the 1948 Security Council, where the three seats being vacated are to be filled by Canada, Argentina and the Ukraine.

The three powers leaving the council in the rotating system at the end of the year are Poland, Brazil and Australia.

## RECOMMENDS PROBE OF BOND SPECULATIONS

(Continued from Page One)

1. Where Meyers obtained the down payment for four million dollars worth of government bonds which Hughes claimed he tried unsuccessfully to get from him? Meyers claimed a Hughes spokesman offered him \$250,000 for the bond deal.

2. Did the pensioned air force officer seek financial or other help from other aircraft manufacturers doing wartime business with the Army?

Ferguson announced that the current hearings will go "further" into the bond deal on which Meyers testified he acted with advice from former Secretary of the Treasury Henry Morgenthau and Federal Reserve Chairman Marriner S. Eccles.

But he said he thought a regular senate committee, probably the banking committee, should undertake a broad inquiry into bond speculation by any officials. Ferguson asserted: "I think it would be very inter-

esting to see how many government officials cashed in on speculation in government bonds during the war.

"I believe it's a proper subject for the senate banking committee," Both Morgenthau and Eccles denied counseling Meyers on his bond transactions. Morgenthau called the testimony an "outright lie". Eccles, through a spokesman, said speculation was the sort of thing the treasury and all agencies "made every effort to prevent during the war."

Several thousand travellers were stranded in the key port by the waterfront tie-up. All loading and unloading operations were halted. The soldiers arrived before dawn to bolster police who, after ousting Communist rioters from the city hall, girded for a possible small-scale "civil war" in France's second largest city.

The Communists held the municipal offices for several hours. They seized the building in fighting which throughout the city brought death to one person and injuries to scores of others.

The regional prefect conferred with his local police and gendarmerie officials, drafting security plans against future outbreaks similar to that which virtually paralyzed France's most important Mediterranean port yesterday.

Burney told police he returned home from work yesterday with Paul Ross, executive director of the Indiana Department of Commerce, and noticed the house in disorder.

He said he found his wife's body, clad in a light negligee and a blue silk bathrobe, laying across a bed. Police said one charge of the shotgun had struck Mrs. Burney in the face and another hit a wall.

They expressed the belief that Mrs. Burney had seized her husband's shotgun and fired one blast before it was rested from her by her assailant. The murder weapon was not found immediately. Fingerprints found in the Burney home were being checked.

port that the winter wheat crop is "far behind schedule" apparently brought Luckman's first public warning that the nation must tighten its belt for some time to come.

Secretary of Agriculture Anderson has emphasized that the length of the food-saving drive depends largely on the outcome of the winter wheat crop, the planting of which has been delayed by drought.

Neither Luckman nor Anderson has predicted, however, how long food conservation practices will be required. Luckman had hoped to abandon many of the present grain-saving measures by Jan. 1.

As the food situation appeared to become even more critical, Luckman also called a meeting of his Citizens' Food Committee for Friday to discuss further conservation measures.

## Reed Is Named Club Secretary

Elected By Kiwanians At New Wilmington: P.T.A. Delays Action On Affiliation

NEW WILMINGTON, Nov. 13.—Edward Reed was elected secretary of the Kiwanis club at a special meeting of the board of directors following Monday night's club meeting at the Methodist church. Horace Fowble and Lyman Ringbloom were formally initiated.

Since by-laws of the local P.T.A. require two readings before changes may be made, no vote was taken regarding affiliation with the National P.T.A. at Monday night's meeting at the Methodist church.

By-laws of both organizations were discussed. It was decided to have a second reading of the local organization's by-laws at a meeting Dec. 9, following which a vote will be taken concerning affiliation.

Mrs. Ralph Buchanan, president, announced that school children will present a program at the Dec. 9 meeting.

## Dr. Houk Speaks

Dr. Houk's address was on "The American Way of Life," in which he tried to point out how we are slipping away from those basic things which have made America great, without thinking about the direction in which we are heading.

People are befriending to many "isms," including nationalism, he stated. He cited England's attempt at nationalism, and pointed out that instead of England exporting coal and other products, they are actually importing them.

He stated that religious education should not be left to the school, that the home and church have their share in religious education, and the child should be taught self control in the home, religion by his church, leaving the school to point the way of life.

Referring particularly to nationalism again, he stated that we should be careful not to become too strongly national in our thoughts and legislation. Our government, he felt should be a referee, rather than a dictator about our way of life, and recommended the study of the book, "Practical Application of Democracy," by Hunsar to thinking Americans.

He also was opposed to universal military training as a cure for preparedness, felt it could be better attained through more schools like West Point and Annapolis.

## Soil Structure Is Damaged By Cultivation

STATE COLLEGE, Pa., Nov. 13.—Cultivation damages soil structure and presents soil scientists with their most serious problem, according to Dr. F. G. Merkle, soil technologist at the Pennsylvania State College.

In simple terms, Dr. Merkle explained, soil structure is space between soil particles to hold air and water. Nutrient deficiencies now are readily corrected and water for plant growth can be supplied by irrigation. But no way of cultivating the soil has been found which does not damage the soil structure.

"As far as we know, tillage is necessary," Dr. Merkle said, "although some popular writers do not think so."

Pointing out that conditions in a natural forest are perfect, Dr. Merkle said that when man starts to till the soil, its organic matter content begins to break down and

the maintenance of sufficient humus to provide adequate storage capacity of air and water for vigorous plant growth becomes difficult. "Yet," the Penn State agronomist continued, "there is hope that a method of maintaining—or even improving—the structure of soil may soon be found in the wise use of cover crops and green manures. Legumes and grasses thus far have proved most valuable."

## THINNING HAIR: WIGS FOR SALE

LONDON.—(INS)—London wig-makers report that one out of every five men has gone almost completely bald since the beginning of the war in 1938.

The statistics are based on the boom in wigmaking. The director-manager of one London wig-making firm said:

"The demand for wigs has gone up by at least 20 per cent since the war started. "Since we only handle private orders, we can only attribute the general increase in baldness to the delayed action effect of bombing and war strain."

The official said his firm had enough orders to keep their staff of girls busy for more than a year, and they are turning down new customers until more employees can be recruited and trained.

## Cancer Detection Clinic To Start Here Soon B. P. W. Told

Culminating nearly a year of preliminary planning following the establishment of a Cancer Detection Clinic fund, New Castle Business and Professional Women's club Wednesday evening at its dinner meeting in The Castleton, voted to proceed with the establishment of such a clinic for New Castle and Lawrence county along the lines of a pioneer plan approved by both the Lawrence County Cancer Society and the Lawrence County Medical Society.

An outline for the establishment of the clinic as it is proposed to be set up here was presented to the club by Mrs. James H. Vogan, of the B.P.W. public affairs committee, who has worked untiringly for the clinic's establishment. It is only due to the support and cooperation of the membership, the Wimodausis club, other clubs, and a number of individuals that opening of the clinic is scheduled now for the near future, she said.

Program of the evening was in charge of the public affairs committee, Miss Dorothy Long, chairman, Miss Ruth Weir, co-chairman, Mrs. Mary E. Dolan, Mrs. Catherine Gross, Miss Ruth Hanna, Miss Jeannette Hutton, Miss Isabel Johnson, Miss Jane McGrew, Mrs. Evelyn McKibben, Miss Margaret Montgomery, Mrs. Ora J. Muse, Dr. Mildred Rogers, and Mrs. Vogan.

Speaker of the evening, E. Miller Smith, who was introduced by Dr. Rogers, spoke on India as he observed it during 2½ years spent with the army engineers corps working on the Ledo road. His observations as he explained something of the two prevailing religions in India, the caste system, and the superstitions and conflicting religious philosophies as they appeared to the American G.I. during the war were very interesting to the audience. At the close of his talk Mr. Smith answered questions.

Earlier, a colored sound film entitled "The Silk Route" gave the audience glimpses of the Thaw Asiatic expedition as it crosses

Turkey, Syria, and Afghanistan through the Khyber Pass. The film was shown by Clay Aubeil, of the Pennsylvania Power Company. A musical highlight was a group of negro spirituals sung by a chorus at Washington junior high school students.

During the business meeting, it was announced by Mrs. B. F. Johnson, of the education committee that an exchange student from Cuba has been admitted to Wilson College due to a B.P.W. scholarship. Miss Evelyn Spencer presided.

It was voted to take out a membership in the Greater New Castle Association.

Under the auspices of the international relations committee in charge of Mrs. Sara S. McCune, chairman, a collection of used clothing and canned goods was taken at the meeting. One package has already been sent to the Leicester, England, B. P. W. club, it was announced.

An appeal for the current S.O.S. collection was read by Miss Dorothy Parry.

On November 19 the club will have an executive board meeting and the December 10 meeting will be a Christmas program in charge of the music and social service committees.

**THIRD U. P. GROUPS WILL HAVE DINNER**  
Missionary groups of the Third U. P. church will entertain their families at a luncheon dinner and thanksgiving program Wednesday evening, November 19, at 6:30 o'clock in the church.

Following dinner, a motion picture will be shown. A playlet by the Junior Missionary society, of which Mrs. George Glass is sponsor, and special music will also feature the joint meeting.

**J. O. Y. Class To Assemble**  
J. O. Y. class of the First Baptist church will be entertained Friday evening, November 14, in the home of Mrs. Howard Frey, 328 Highland avenue. Old clothing will be taken to fill a duffel bag.

## CONSERVATION TEA PROGRAM WEDNESDAY

Conservation-Garden department of Woman's club was entertained for a most delightful fall program Wednesday afternoon in the home of Mrs. Charles W. Wetlich, 311 East Edison avenue.

Decorating the entrance hall was a huge winter bouquet of leaves and grasses and in the living room were bouquets of red roses from the hostess' garden. Later when tea was served an arrangement of red roses and greenery centered the beautifully appointed table.

Three papers formed the afternoon's program, one on "Trees" by Mrs. Charles McCullough, one on "Shrubs" by Mrs. Roy Snyder, and one on "Evergreens" by Mrs. W. H. Humphrey. The speakers were presented to the group of 30 guests by Mrs. Thomas G. Allen, program chairman of the afternoon.

Distribution of attractive program booklets with attractive birds in color was a highlight. Mrs. Raymond Horchler, program chairman, was in charge of this feature.

Mrs. T. M. Shaffer presided over a short business meeting.

Special guests of the afternoon were Mrs. H. E. Wiant, son of Mr. and Mrs. F. W. Devey, Shafflet, Mrs. William Berkstresser, and Mrs. James Rhodes.

Mrs. J. Edward Everett, president of Woman's club, presided at the tea table.

In December the department will have a Christmas meeting, the place to be announced.

## WEEKS-LUKART EVENT SOLEMNIZED

Of interest here, is the announcement of the wedding in St. Paul's Methodist church, Highland Park, Mich., when Miss Audrey Ellen Weeks, daughter of Mr. and Mrs. J. H. Weeks, 336 Harry avenue, Hazel Park, became the bride of Mr. Max Russell Lukart, son of Mr. and Mrs. Wesley H. Lukart of 221 Meyer avenue, this city, on November 1, Rev. Leslie Williams officiated.

Miss Norma Levin was maid of honor, and Miss Paula Powers was bridesmaid. Larry Stiers served as best man, with Robert Lukart, brother of the groom, and Howard Lasher as ushers. Walter Lukart, another brother, was the soloist.

Following the ceremony, a wedding dinner was served in the church parlors.

The couple will be at home in New York City after November 15, following a wedding trip to Cleveland and Washington, D. C.

The bride is a graduate of Hazel Park high school, and served in the WAVES. The bridegroom is a graduate of New Castle high school, and of the University of Michigan. He is employed by the Reliance Electrical Engineering company in New York.

## WIMODAUSSIS MAKES GIFT TO S. O. S.

Wimodausis club met for 1 o'clock luncheon in the main dining room of the Scottish Rite Cathedral Wednesday afternoon with covers laid for 100 at tables attractively decorated with tiny vases in pastel tones filled with fall flowers.

At the business meeting later in the east lodge room, with Mrs. Lena Gilmore presiding, the club voted to give \$50.00 to the S. O. S. collection of used clothing, canned food, and money, and also voted \$50.00 to the New Castle Band fund for the trip to Bethlehem.

It was voted that all past presidents and charter members will be made life members. Officer candidates for the coming year were nominated. Prayer, salute to the flag, and the singing of "America" with Mrs. M. M. Ingham at the piano opened the meeting.

Hostesses for the luncheon were Mrs. Roy Warnock and Mrs. Lewis Barrie and a committee, Mrs. P. J. Rowland was chairman of the dining room.

On December 10 the club will meet for a Christmas luncheon, the hostesses to be announced.

## OPEN HOUSE FOR THOMAS J. HINKSON

Thomas J. Hinkson, 1008 Dewey avenue, affectionately known to his many friends as "Uncle Tom" will be honored on Saturday, in connection with his 90th birthday anniversary.

Mr. and Mrs. Charles R. Campbell of 913 Dewey avenue will be hosts at an "open house" for Mr. Hinkson, the hours being from 7 to 10 p. m., when a large number of his friends are expected to call.

Mr. Hinkson is still active for his age and serves as tinsmith at the Lawrence county court house.

## READING CIRCLE TEA DATE SET

Annual Christmas tea of the Reading circle will take place on December 8 in the home of Mrs. H. N. Drip, 1205 North Mercer street. This marks a change of place from that previously scheduled.

There will be a Christmas musicale in connection with the tea and members plan to take gifts for the Neighborhood House to this meeting.

## Mac-Jac Club

The recently formed Mac-Jac club met in the home of Claudia James, Graceland road, on Wednesday evening with eight members present, and one special guest, Mrs. Samuel Boughter.

Prizes were awarded to Eleanor Susco and Helen Riggans. Following play, a delicious lunch was served by the hostess, aided by her mother, Mrs. Samuel Boughter. Mrs. Helen McClain, 1110 Delaware avenue, will entertain the club on Wednesday evening, November 26.

## Lucky Twelve Club

Lucky Twelve club members were entertained at a theater party on a recent evening with Mrs. James Shaffer as hostess. After the show a lunch was served at a local tearoom and games were in play with prizes going to Mrs. Albert Colucci and Mrs. Frank Scunglo.

For Thursday evening, November 20, the club plans an anniversary dinner.

## Bu-Pi-Gar Club

Members of Bu-Pi-Gar club met in the home of Margie Colella, 1509 Hamilton street, Wednesday evening, and names were exchanged for Christmas.

Mildred Felasco received a birthday gift from the club.

After the hostess' lunch, aided by Alvira Jannetti.

November 26, is the meeting with Margaret Jannetti, of 707 East Long avenue.

## Section A, Y.L.B. Class

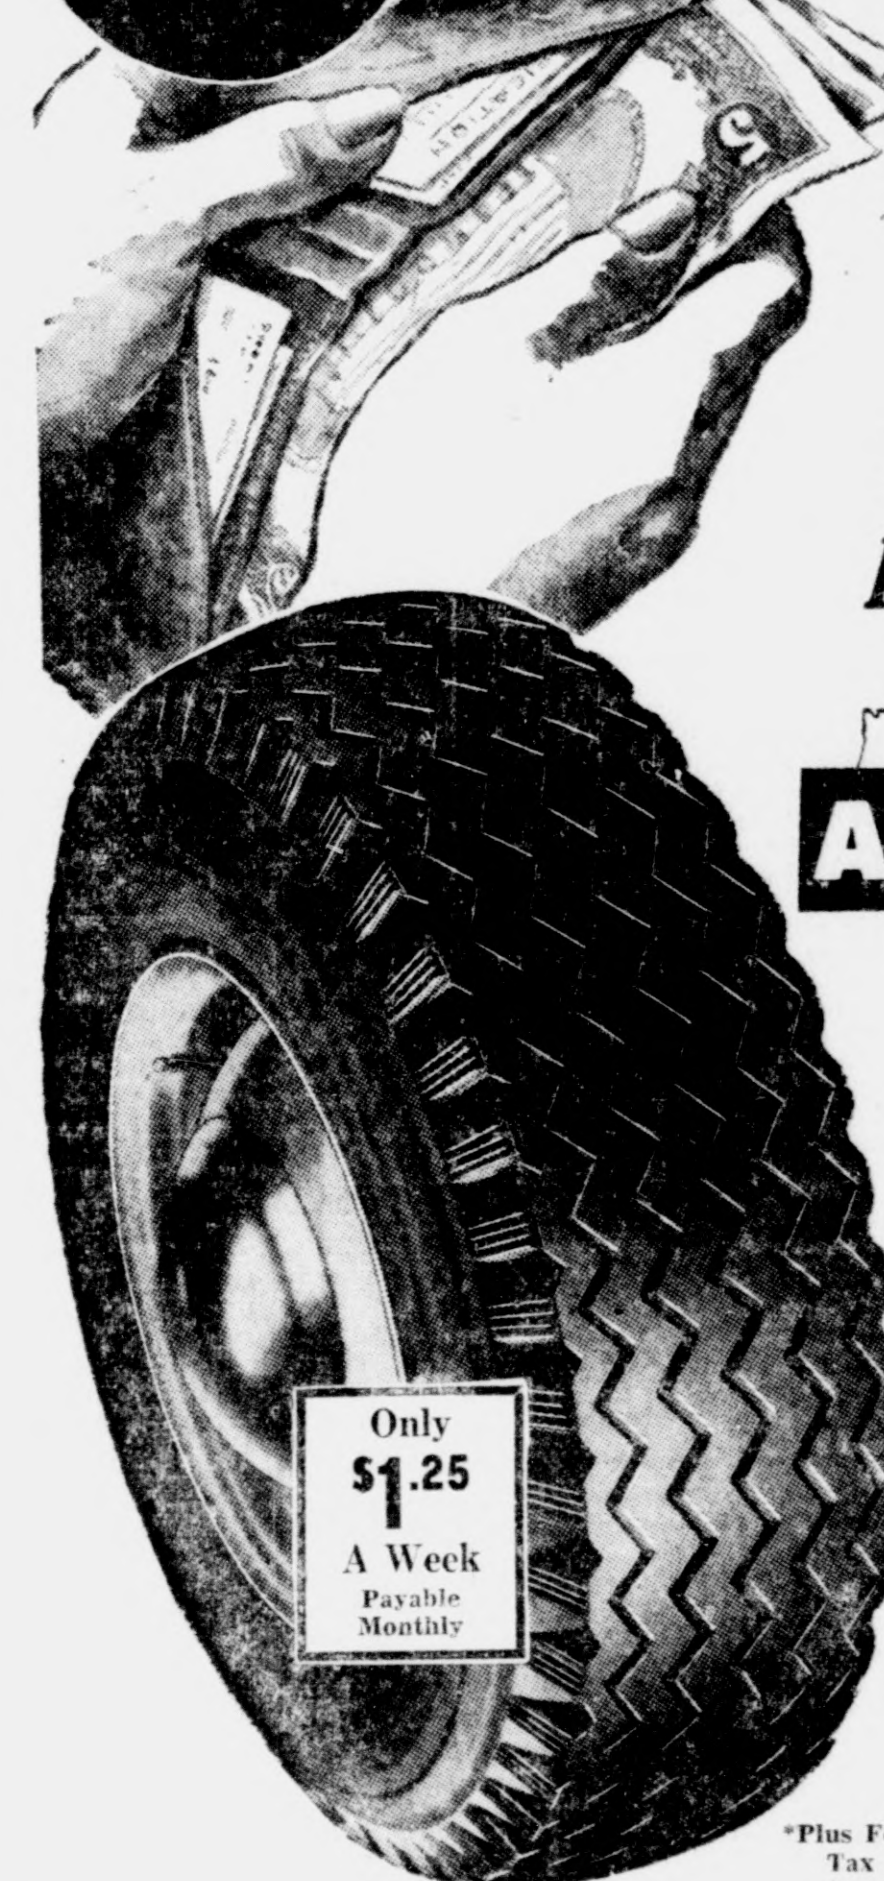

Section A of the Y.L.B. class of Third U. P. church assembled for an all-day sewing Tuesday in the home of Mrs. William P. Book, Winslow avenue.

A tasty luncheon was served at noon with Mrs. Clara Lutz, Mrs. Frank Plush and Mrs. Robert Browne as aides.

Mrs. Alberta Guy, Warren avenue, will entertain Thursday evening, December 4.

## WAR-MONGERING

If harsh and reiterated attacks on another nation are war-mongering, there is little else in the Russian press. Surely not all Russians are fooled by these diatribes, but if one solitary denizen of communist land were to criticize the contents of these reprehensible propaganda sheets, he would lose his head.

Pravda, one of Moscow's leading newspapers, carried these items in a single four-page issue: (1) A full-page report of Gromyko's attack on the U. S. for "most rude violations of the statutes and principles of the UN." (2) A review of former Secretary Byrnes' book, "Speaking Frankly" (which stressed the need for patience and his hope of Russian cooperation), calling Byrnes a "war-monger." (3) An editorial attacking the U. S. for "destroying the UN." A news story saying Iranians resented American meddling in their internal affairs. (5) Another news story describing American "colonizing tricks" in Korea. (6) An attack on Averell Harriman as a "war-monger" and "imperialist."

This certainly is war-mongering. No American newspaper would give as large percentage of space to attacks on Russia. In fact, American newspapers print few attacks on Russia. They print the news of Russian activities and let their readers decide whether the Russkys are up to some new devilry. Americans, moreover, can read and hear the other side in their press and over the radio, whereas all Moscow newspapers of that day—as they do every day—followed the same general pattern.

The proof as to which side is responsible for most of the ill feeling that has arisen between the two countries is to be found in the UN, an organization set up to substitute international cooperation, through majority decision, for ill-will. In the UN Russia has used the big-power veto 22 times to frustrate majority decisions. The United States hasn't used it once to overrule the majority.

## TOWARD UNIFICATION

When James Forrestal was named as the nation's first Secretary of Defense, the appointment was widely applauded in government and military circles. A large segment of the public, too, believed that the selection was wise one.

Mr. Forrestal has now given further indication that he will live up to the expectations of his supporters. He has shown that he intends to operate the Department of Defense, and that he is willing to accept the responsibility that goes with such authority.

By ordering the secretaries of the Army, Navy and Air Force to cooperate on plans for legislation and appropriations, and adding that in case of dispute he will personally resolve the points of difference, Mr. Forrestal has in effect taken directly upon his own shoulders the final responsibility for all legislative recommendations from the military establishment.

This is as it should be. The main purpose of the unification of the nation's armed services was to give the country—in peace and war—a coordinated, centrally-directed Department of Defense, which would include the military forces and the agencies which would support them in wartime.

Such unified effort cannot be attained unless the pattern for war is laid in the days of peace, and this includes exercising of authority all along the line by the Secretary of Defense. It is not an easy task because on many issues—particularly in the legislative and appropriations field—the three services often have held widely divergent views.

In his willingness to accept responsibility, Mr. Forrestal shows sound appreciation of the problems at hand.

## RUSSIA DOESN'T GIVE: IT TAKES

The extent to which the Soviet Union treats its zone in Germany as a Russian province is typified by the U. S. Military Government economic report indicating the Russians have taken about \$1,250,000,000 worth of goods from the zone since occupation began. They are currently shipping out more than half the area's total production.

Moscow is milking its German zone, while the U. S. and Britain finds it necessary to provide aid, at great cost, to support the stumbling economy in the regions under their charge, relates the Philadelphia Inquirer.

The Russians have an advantage by reason of the fact that their zone produces sufficient food to meet its requirements, and does not have to develop exports to the same degree as the other areas, if they are to be self-sustaining.

The report stresses the interdependence of the German zones, pointing out that while the Soviet region can supply plenty of foods, it needs coal, iron and steel.

Moscow, however, has shown no signs of concern over this interdependence idea. It seems contented with the status quo with respect to German partition. It has taken what it wanted from its zone, has seen to it that the Communists have political power there, has handled its industrial potential not to help German economy but Soviet economy.

Eastern Germany, in Moscow's book, is Soviet territory. It is being dealt with on that basis only.

## In View Of News Of the World

By J. C. Oestreicher, INS Foreign Director

A sombre echo from history's pages was heard today with official Buckingham Palace announcement that Clarence House adjoining St. James' palace on Pall Mall will be the London residence of Princess Elizabeth and Philip Mountbatten after their marriage.

And the echo reverberated with a renewed belief that Philip might be created Duke of Clarence instead of Duke of Edinburgh as long reported.

For Clarence has been an unfortunate dukedom in English history, ancient as well as modern.

Tragic Circumstances

The House of Clarence, from which the dukedom originated, dates back to the fourteenth century. It has passed out of existence half a dozen times because of the absence of an heir and was recreated the last time under circumstances which eventually proved to be tragic in the extreme.

The last Duke of Clarence was the first-born son of the late King Edward VII and Queen Alexandra—his wife the throne of England and betrothed in marriage to Princess Victoria Mary of Teck, now the Dowager Queen Mother Mary.

He died suddenly on January 14, 1892, after a brief illness. He had just completed his studies at Oxford and Cambridge and had settled down to fulfillment of his preparations as heir apparent and presumptive to the throne.

Death Was Blow

Clarence, officially titled Prince Albert Victor, had made a sailing tour of the world with his younger brother George aboard H.M.S. Bacchante.

He was a studious young man of great charm and affability, and upon him Edward VII had placed high hopes.

His death was a blow from which the mellow monarch never really recovered. But the threads of the dynasty were picked up when a new engagement was announced.

During the past winter in France she talked to miners, longshoremen, tradespeople and persons in various other walks of life. They assured her they like the GI's very much but wondered if they were Americans liked them. They said they had been eager to take the GI's into their homes but felt a little ashamed of the sparse food they could offer, even when it was bought on black market. Though these French people found the GI's indicated they were greatly worried, a very delightful guest they all agreed for fear the GI didn't like them. "We begged him to write us from his rich American home," he said he would. But he has never written. Such was Mrs. Bishop gathered from all over France.

Liked The French

We know very well the GI liked his French hosts and hostesses, but the French people just don't understand the ways of our youths. These French folks suppose the average GI must have been brought up in his home with the same sensitivity to social graces as youths in France and some other foreign countries are accustomed to. Now the GI is typical of American youth.

It just never occurred to the average GI, following the time of his entertainment in a French home, to write a note to the hostess in appreciation of her hospitality. It rarely had occurred to the GI in his earlier years as a civilian to write a similar letter to a hostess. Besides, being in the armed forces must have made the GI less likely to observe such niceties of social grace.

Letters Of Thanks

How many youths of our nation, of GI age, ever have learned at home to write "thank you" notes for birthday and Christmas gifts. A great many older persons fail likewise to do so. We boast of our fine homes and fine schools. But I guess we have not so much to boast of as we think.

Health Talks

By DR. W. A. WOMER, City Health Superintendent

TRAINING

Away back in the dim past, medicine men were supposed to deal in magic. They were believed to have charms and incantations. They used weird performances. They were credited with disposing of evil spirits which they blamed for causing diseases.

Nowadays, doctors are merely men who are trained in a special subject. They have learned about the structure of the body. They have learned something about how it works.

They know how it operates when it is healthy. They know how it acts when disease is present.

They have made a study of medicines used in the care of the sick. There is nothing secret or magical or mysterious about it.

Doctors differ in temperament, skill and ability.

The best of training is none too good. The highest standards are desirable and necessary.

These standards are not for the benefit of the doctor but for the patient.

It will take a little more effort on your and my part to see that this campaign is completed with flying colors. This coming weekend everyone will have an opportunity to help push. In yesterday's paper an advertisement was carried stating various places where you might give aid to the Chest. . . . thousands of people have already made their contributions, and a few thousands have either neglected or have chosen not to support this campaign through their hillfolks and see what can be spared at this time. In other words, if you have a dollar and like this community, wouldn't you be willing to add it to the Chest Campaign and help make our agencies operate as they should in '48. . . . we have talked this over with many men on the street and they seem to think it's a good idea. Several have said, sure I'll help. Here's my dollar and here's four more, one for the wife and my three children. Another fellow came in to talk about this community and ended up by giving two dollars in addition to his previous pledge. One for himself, and one for his mother-in-law.

So Friday and Saturday of this week won't you see what you can do to make your Community Chest a successful one.

## The Parent Problem

By Garry C. Myers, Ph. D.

## PROPER STRESS ON MANNERS

"Pancake Paris" and "Five Chinese Children" may be familiar to many of my readers, and certainly to many of their children of elementary school age.

Recently, at a service club, I heard Mrs. Claire Huchet Bishop, the author of these books, a native of France but an American citizen, speak of her observations in France during the past few winters.

Of what she said, the following impressed me most:

During the past winter in France she talked to miners, longshoremen, tradespeople and persons in various other walks of life. They assured her they like the GI's very much but wondered if they were Americans liked them. They said they had been eager to take the GI's into their homes but felt a little ashamed of the sparse food they could offer, even when it was bought on black market. Though these French people found the GI's indicated they were greatly worried, a very delightful guest they all agreed for fear the GI didn't like them. "We begged him to write us from his rich American home," he said he would. But he has never written. Such was Mrs. Bishop gathered from all over France.

Liked The French

We know very well the GI liked his French hosts and hostesses, but the French people just don't understand the ways of our youths. These French folks suppose the average GI must have been brought up in his home with the same sensitivity to social graces as youths in France and some other foreign countries are accustomed to. Now the GI is typical of American youth.

It just never occurred to the average GI, following the time of his entertainment in a French home, to write a note to the hostess in appreciation of her hospitality. It rarely had occurred to the GI in his earlier years as a civilian to write a similar letter to a hostess. Besides, being in the armed forces must have made the GI less likely to observe such niceties of social grace.

Letters Of Thanks

How many youths of our nation, of GI age, ever have learned at home to write "thank you" notes for birthday and Christmas gifts. A great many older persons fail likewise to do so. We boast of our fine homes and fine schools. But I guess we have not so much to boast of as we think.

Health Talks

By DR. W. A. WOMER, City Health Superintendent

TRAINING

Away back in the dim past, medicine men were supposed to deal in magic. They were believed to have charms and incantations. They used weird performances. They were credited with disposing of evil spirits which they blamed for causing diseases.

Nowadays, doctors are merely men who are trained in a special subject. They have learned about the structure of the body. They have learned something about how it works.

They know how it operates when it is healthy. They know how it acts when disease is present.

They have made a study of medicines used in the care of the sick. There is nothing secret or magical or mysterious about it.

Doctors differ in temperament, skill and ability.

The best of training is none too good. The highest standards are desirable and necessary.

These standards are not for the benefit of the doctor but for the patient.

It will take a little more effort on your and my part to see that this campaign is completed with flying colors. This coming weekend everyone will have an opportunity to help push. In yesterday's paper an advertisement was carried stating various places where you might give aid to the Chest. . . . thousands of people have already made their contributions, and a few thousands have either neglected or have chosen not to support this campaign through their hillfolks and see what can be spared at this time. In other words, if you have a dollar and like this community, wouldn't you be willing to add it to the Chest Campaign and help make our agencies operate as they should in '48. . . . we have talked this over with many men on the street and they seem to think it's a good idea. Several have said, sure I'll help. Here's my dollar and here's four more, one for the wife and my three children. Another fellow came in to talk about this community and ended up by giving two dollars in addition to his previous pledge. One for himself, and one for his mother-in-law.

So Friday and Saturday of this week won't you see what you can do to make your Community Chest a successful one.

Words Of Wisdom

Of all bad things by which mankind are cursed their own bad tempers surely are the worst.—Cumberland.

Bible Thought

Rejoice in the Lord always; and again I say, rejoice.—Phil. 4:4.

Montserrat is one of the Leeward Islands, British West Indies, situated 34 miles northwest of Guadeloupe. It is of volcanic origin, and its surface is mountainous, reaching a height of 3,000 feet in the volcanic of Soufriere. Plymouth is the capital.

From Me To You

By MESEBALL

The Community Chest Campaign for \$102,000 progressed rather nicely during the allotted time for the formal solicitation period. However, not a sufficient amount of monies were collected to put the quota over the top . . . approximately 7,000 odd dollars are needed to make the red feather flag fly at the top-most point of the mast here.

To our way of thinking, it is very important that we citizens of New Castle do something to make this campaign entirely successful. . . . if we look over other communities this size and near this size, we find that their Community Chest Campaigns have been very successful. In proportion to the population about every community requires the same amount to support their social agencies.

## Acclaim Given Harriman Report

WASHINGTON, Nov. 13.—The general acclaim for the Harriman report is recognition of the truly great qualities of that document.

For a long time to come it is likely to be a landmark in the sea of words poured out on the question of European aid.

First of all, it faces the facts of life on both sides of the Atlantic. No wishful thinking colors its conclusion that aid sufficient to stimulate recovery must come from the United States.

Nor was any effort made to gild the conclusions with the phony rhetoric that is too often applied to state papers as long as it is a wedding cake. The fact that the report is written in simple, readable English is an unexpected break.

Wide Range

The 20 members of the Harriman committee—the president's committee on foreign aid—represent a wide range of opinion and an even broader range of capacity and interests. On the whole, the report is heavily on the conservative side. W. Randolph Burgess, vice-chairman of the National City Bank of New York, is a conservative banker unalterably opposed to government in business. Chester C. Davis, president of the Federal Reserve Bank of St. Louis, is a deep suspicion of government intervention.

Yet, along with James B. Carey of the CIO, and George Meany of the AFL, and economists, industrialists and agricultural specialists, they sat down and agreed on the terms under which American resources could be made available for European recovery. They were always in agreement. Some pretty hot arguments went on before they signed their names to the final document.

Deserve Special Credit

Two men deserve special credit for the report of the committee. One is Richard Bissell, Jr., executive secretary to the group. Bissell worked unceasingly to marshal the facts and figures that were the basis for the agreed conclusions.

The other is Robert M. La Follette Jr., former senator from Wisconsin, a member of the committee. La Follette's role is particularly revealing of the forces that have brought America to this time of decision.

La Follette is the head of a political dynasty that stood for isolation through the world wars. His father, "Fighting Bob," believed that America could stay out of World War I. For speaking his convictions, he was pilloried in the war fever leading up to American entry.

Should Not Intervene

"Young Bob," as the son has always been known in Wisconsin, believed that America could stay strong in the western hemisphere and thereby avoid involvement in Europe.

Petrillo feels better than ever. "Information Please" came to him with a question and he isn't even on the panel of experts.

The question was "why do we have to pay 300 stand-by pianists not to play?" If Jimmy fails to answer it correctly he will next guest star on "federal jury trials."

The producer of the show says he hasn't been able to use a musical question this season. He shouldn't have tried. . . . it is a well-grounded precedent that all musical questions go to Mr. Petrillo.

In fact I hear that on his record appears a curious entry which read "check Gabriel for his card the minute he lifts that horn."

But a man who has tangled with the White House and congress isn't going to feel hurt if he doesn't win a set of encyclopedias from Dan Golenpauf.

What do they mean anyway . . . they want 300 pianists to play at once? Is that public service?

Hints On Etiquette

What should you do if a person mispronounces your name? Let it go if you are not likely to see the person again; if you are, explain that it is a hard name to pronounce and correct him or her.

## Wants No Doubt On Red Bomb

By PAUL GALLICO

A headline in the paper last week said, "Rep. Thomas Doubts Russia Has Bomb." This may come as a comfort to some, but if it is all the same to you, Gallico would like to have a little more assurance.

According to the story, which was dated-out of Altendale, N. J., Rep. J. Parnell Thomas (R., N. J.), chairman of the House Un-American Activities declared, "It may be that the secret of the atom bomb has ceased to exist but the Russians didn't say they could make the atom bomb."

Well, that is a very fine statement and I am glad that Doubting Thomas isn't worried. But I would like to know what good the doubts of Brother Thomas will do me when That Thing comes tumbling down out of the sky without warning or some "tourist" from the Soviet Union in on a visitor's visa, parks one in a telephone booth at Grand Central Station and sets it off with a nudge from a pocket radio from Mt. Kisco or Mauch Chunk?

No Genuine Pleasure

As the result of this I will be either very dead when it happens, or, should I survive, the following year I will begin to sprout another head. Neither is a state to which I would look forward with genuine pleasure.

And Rep. Thomas "doubts." For Land's Sakes, doesn't anybody KNOW? Isn't anyone trying to find out for sure? Help! Get the manager! Get Bill Donovan! What's become of the O. S. S.? When the benevolent Russians begin to assemble that Big Firecracker, I want to know about it. I want spies. I'm a taxpayer. I want to know I'm getting protection. The word of J. Parnell Thomas just ain't enough to keep me sleeping easily nights.

Somebody is always hazarding guesses about how long it will take the friendly Soviet artisans to make an A-bomb that will go off so they can confer its blessings on the American worker. Some experts say five years, others ten, or tomorrow morning, or never, not even if you gave them the blueprints and a complete Meccano set. But I want to know just how hard we are trying to find out, and if not, what goes on with those puddingheads in Washington, and will they please quit fooling around with the lives of my family and myself.

Would Feel Lot Happier

Naturally, I am not asking to have any secrets revealed which will embarrass the F. B. I., or G. I., or O. S. S., or whoever is handling this little matter. It is not necessary for you to come right out and say, "Shut up, you dummy, don't you know that we have three agents serving on the Politburo itself, the chief of the OGPU is actually a private eye from Brooklyn who is in our pay, the fellow who writes Molotov's speeches is an ex-legman from the New York Times, and Stalin's valet de chambre sends us notes every Saturday night written with invisible ink?" Although I would feel a lot happier if I thought it were so.

No, a hint would suffice to keep me happy. Say a letter from Washington to the effect: "Dear Mr. Gallico: You were inquiring the other day as to exactly what we have done with that last dolt of the day you handed us for your final income tax installment for the fiscal year. Examination of our accounts indicates that a considerable portion of this was set aside to finance the purchase of a large order of false beards, Muscovite style, designed by our experts, also a course of Balalaika lessons and instructions in chanting the Volga Boat Song in the original tongue. We have also placed an order with Brooks the Costumer for a number of Cossacks and Red Army uniforms complete with daggers."

A fellow might then be a little easier in his mind. (Distributed by McNaught Syndicate, Inc.)

NATIONS AND MEN

This is the dismal truth I pen: It is with nations as with men. Nobody loves a liberal spender. The borrower always hates the lender.

A gentle, wise man said to me Of one who was his enemy: "I cannot solve that man's behavior. I've never once done him a favor."

For debts the wealthy uncle pays. He often gets more scorn than praise. And though the thought may cause a shiver, Few really love the cheerful giver.

Even the Master told us this: The rich man Heaven at last may miss. The wealthy uncle seems our status. Perhaps that's why the Russians hate us.

They Say

PARIS—Gen. Charles De Gaulle: "We are threatened by a huge nation, the strongest enemy we have had in our history—stronger even than Germany because our present enemy has a political party that is working against us within our own frontiers."

NEW YORK—Sir Hartley Shawcross of the United Kingdom: "We in Britain . . . shall not allow ourselves to be tyrannized or subjugated by either of the competing extremes of Communism or of unbridled capitalism."

CHICAGO—Chairman Carroll B. Reece of the Republican National Committee: "The totalitarian nations are not planning on a war because of a very peculiar reason: They believe that they can win without fighting."

NEW YORK—Former New York Commissioner Benjamin Fielding, declaring that former Maj. Gen. Bennett E. Meyers told him Howard Hughes had offered \$100,000 to get the motion picture, "The Outlaw," shown in New York: "I quickly turned Meyers down and ushered him out of the office."

## Steel Industry Retains Control Of Distribution

No Complete Steel Allocation System Set Up To Carry Out Marshall Plan

NEW YORK, Nov. 12.—(INS)—Iron Age reports that there will not be any complete steel allocation system set up to carry out the heavy industry section of the Marshall plan.

It reported that while new controls on exports will be created, the program will be launched with the steel industry retaining control of domestic steel distribution.

The steel trade publication disclosed that the news of the individual responsibility of steel firms to produce for the European countries under the plan will take the form of "directives."

**Price Holds Stable**

It pointed out that with Marshall plan steel requirements calling for no more than 60 per cent of 1947 exports for the following year, the program will be largely one of re-directing steel exports to those European countries in the most dire need.

The Iron Age heavy melting steel scrap composite price held table this week at \$41.50 a gross ton—\$1.08 below the peak price reached a fortnight ago.

Production of steel ingots this week was estimated to be at the rate of 97½ per cent of capacity as against 96 per cent last week.

Iron Age viewed the change as a temporary variation rather than an indication of any substantially improved operating conditions.

The hymn, "A Christmas Carol," beginning, "In the black mid-winter frosty wind made moan," was written by Christina Georgina Rossetti (1830-1894). She is one of the really eminent English poets who have written religious verse.

## Registration Card Reveals Signature

PITTSBURGH, Nov. 13.—(INS)—While law forbids removal of a voting registration card from official files, it is legal to photograph the cards, in the opinion of Judge James L. O'Toole, of Allegheny county court.

Judge O'Toole yesterday granted Attorney George S. Goldstein permission to make a photostatic copy of the registration card of Herbert Whitney, deceased. Goldstein explained he needed Whitney's signature on the registration card to compare with the signature on a will. A registration commissioner previously had refused Goldstein permission to see the card.

## Give Description Of Princess' Gown For Royal Wedding

LONDON, Nov. 13.—(INS)—The London Evening Standard defined a Buckingham palace ban Wednesday and published what purported to be a full description of Princess Elizabeth's wedding gown.

In a column known as "The Londoner's Diary," the paper said the gown is made of white slipper satin, cut on classic lines, lavishly embroidered and with a "sweet-heart" neck.

The dress has long tight sleeves with a fitted bodice waist, billowing to a full skirt that trails to the ground in back.

According to the Standard, bands of flowers are embroidered on the skirt in crystals, pearls, thread and tulle. The bodice is pointed at the waistline and the cuffs of the sleeves are outlined in embroidery similar to that of the skirt.

The princess' gown will have a fan-shaped train of white silk and tulle five yards long, and descends from the shoulders.

Flowers and wheatheaves are embroidered in pearls, crystals and thread on the train.

The princess' veil will be of white tulle held in place by a pearl and diamond tiara. The Standard said she will wear high-heeled shoes of white satin, with sling backs and open toes and a pearly-studded silver buckle on each.

Here's a good way to alarm pedestrians. Come to an intersection at high speed, then jam on your brakes at the last minute. If your tires screech, foot traffic will really jump.

But if you don't want to scare the pedestrians, use courtesy. We've found that courteous drivers are careful drivers. We insure courteous drivers, may we insure you?

## Truman To Address Congress Monday

WASHINGTON, Nov. 13.—(INS)—President Truman will deliver personally his message to Congress on stopgap aid for Europe and inflation control next Monday.

The White House announced that the Chief Executive will address a joint session of Congress at 1:30 p. m. EST.

The message is expected to run about 20 or 25 minutes in length.

White House Secretary Charles G. Ross said that the message is now in preparation and will be in two parts. The first will deal with the presidential request for emergency stopgap aid funds for hungry Europe and second with control of prices, inflation and the high cost of living.

Jock-day or Hock Tuesday, the second Tuesday after Easter, is a traditional English festival day, commemorating the date on which the English, many centuries ago, rose against Danish invaders.

A landmark in Brooklyn for 89 years, the old and recently dilapidated Pierpont mansion at 1 Pierpont place, was recently razed to make way for the new Brooklyn-Queens connecting highway.

## Use Of Larger Planes Blamed For More Deaths

WASHINGTON, Nov. 13.—(INS)—The increased use of larger passenger planes was blamed today for the record number of deaths in domestic airline crashes this year.

A Civil Aeronautics Board official asserted that a sharp rise in passenger loads due to the trend from two to four-engine craft was primarily responsible for the all-time high of 217 deaths so far this year in major airline travel.

The CAB official said: "New Record Of Killed" "Although the number of accidents has actually decreased, the total of passengers and crew men killed has set a new record because of the greater number of persons involved in each crash."

"The increased operation of giant four-engine airliners with capacities of 50 or more persons, compared with loads averaging 20 to 25 last year in two-engine jobs, accounts for the increase in fatalities."

The air expert recalled that this year's heavy toll of lives was taken in only five crashes, as against 75 fatalities in nine domestic crashes last year. He added:

"In 1946, there were only 1.2 fatalities per 100 million passenger miles but in the first 10 months of 1947 approximately 3.7 per 100 million miles." Passenger miles are computed by multiplying the number of passengers carried by the number of miles flown.

He observed, however, that the airlines are actually flying further this year without fatal accidents than in 1946, pointing out:

Fatalities Are Few In Proportion "There was one death for every 36 million plane miles flown in 1946 but only one fatality for every 54 million plane miles flown this year."

The expert emphasized the fact that nearly 75 per cent of the death toll this year occurred in three of the five fatal disasters:

1. The worst plane crash in commercial aviation history May 30 at Bainbridge, Md., when 53 persons were killed.

2. The Bryce Canyon, Utah, disaster in October with 53 fatalities.

3. The Leesburg, Va., crash in June when 50 persons perished.

Last year the greatest number of persons killed in one crash was 24.

The official declared that the crashes had a temporary effect on air passenger travel. He said that air travel during the summer months, usually the peak season, fell off "noticeably."

Aviation observers, however, still hold to revised earlier predictions that the record of 13,813,000 domestic passengers carried in 1946 will be shattered by Dec. 31.

## Wallace Speaks At Cleveland, O., Blasts Truman

CEVELAND, Nov. 13.—(INS)—Former Vice President Henry A. Wallace was on record today with another blast at President Truman and Secretary Marshall plans for aiding western Europe.

In an address before the Ohio chapter of the Progressive Citizens of America, Wallace declared that both plans are giving way to the "Hoover plan of rebuilding Germany as a bastion of private monopolist enterprise."

Wallace charged that the United States is "embarked on a dangerous, two-faced policy which will bankrupt us, our neighbors and end in disastrous armed conflict."

He added: "I am ashamed of the double-standard of morality used in our foreign policy. We are supporting dictatorships in Latin America and un-democratic governments from Turkey to China. We are guilty of the very crimes with which we charge others."

## Japanese Gunmen Placed On Trial

Japan's 'John Dillinger' And 14 Of  
Gang On Trial Before  
Provost Court

TOKYO, Nov. 13.—(INS)—Japan's "Dillinger" and 14 of his gangland henchmen went on trial today before the American provost court in Tokyo.

All were charged with illegal possession of a machine gun ascertained used in spectacular Japanese gang warfare.

The special courtroom of the Tokyo metropolitan police board was jammed with Japanese spectators and police, but only a few members of Gang Chief Ken Sekine's mob showed up for the trial. Sekine said he had ordered them to "stay away."

Maj. Willard Shope, the judge advocate, said the gang's machine gun had been stolen from a Japanese army dump early in the occupation.

He said the weapon had been mounted on a motorcycle "for convey and escort duty" during nocturnal operations.

Japanese police captured Sekine last summer after an 85-day manhunt. His attorney, Fred Hamada, a Nisei from Seattle, described him as "a gentleman and a model prisoner who prays daily at 6 a. m. for the welfare of his gangsters and family."

## Uphold Decision In Divorce Case

PITTSBURGH, Nov. 12.—(INS)—If you want a divorce on the grounds of desertion, you'd better know definitely whether you are the deserted, or the deserter.

That's the opinion of the Pennsylvania Superior Court, handed down in the case of Joseph F. McPhillips vs. Anna McPhillips of Philadelphia, who had been denied a divorce by a lower court.

McPhillips said he had left his home for several days, but when he returned his wife was gone, along with the household goods.

He charged desertion.

But, said Judge Claude T. Reno, who wrote the opinion.

"The point which baffled the court below, and us, is: Who deserted whom?"

Then he added:

"A marriage cannot be dissolved upon a doubtful balance of the testimony."

"Judgment of court below affirmed."

## MOTHER OF SIX VETERANS BURIED

CONSHOHOCKEN, Pa., Nov. 13.—(INS)—Funeral services were held Wednesday for Mrs. Elmer Horn, 65, Gold Star mother whose six sons served in the second World War.

Mrs. Horn was stricken with a heart attack after returning from a motion picture theater. One son, Samuel, was killed in action in Germany in 1945 and another, Joseph, has re-enlisted in the Army.

## No Long Range Warning System On Air Attacks

WASHINGTON, Nov. 13.—(INS)—Dr. Vannevar Bush, chairman of the armed forces research and development board, revealed Wednesday that the United States has no unified long-range warning system against sudden air attack.

Bush's admission came at a news conference, in which he appeared with Defense Secretary Forrestal. Forrestal announced that the research and development board had established a subcommittee on air navigation, one of whose problems of communication and potential air warning network for use in an emergency.

Asked if this meant that there was no warning system in opera-

tion, Forrestal referred to Bush, who replied: "We have not in this country in peacetime established a national warning network."

Bush said that the army, navy and air forces each had warning systems in operation for training and other purposes, but that they were not coordinated.

## Taylor May Seek Another Term

State G. O. P. Chairman Reported As Ready To Seek Sixth Term

## OTHER NEWS OF STATE AFFAIRS

HARRISBURG, Nov. 13.—(INS)—Republican circles at the state capitol have hinted that State Sen. M. Harvey Taylor, of Harrisburg, will seek his sixth term as GOP state chairman next spring but will resign after the crucial state and national elections... Taylor was 70 years old June 4.

By the end of the year, there'll be at least four vacancies in the general assembly. They probably will be filled in special elections held in conjunction with the primary election April 27, 1948.

Two posts are in the Senate and the others in the lower House... The upper chamber vacancies resulted from the election of Sen. William Rahauser (D) Pittsburgh, to the Allegheny county district attorney's office and the elevation of Democratic Sen. Carlton Woodring, Easton, to the Northampton county common pleas bench... Rahauser represented the 35th senatorial district and Woodring the 28th... In the House, a vacancy occurred in the first legislative district of Cambria county when Republican Rep. Walter E. Rose was elected mayor of Johnstown... The other vacancy was in the second district of Lehigh county formerly represented by speaker Franklin H. Lichtenwalter. He resigned October 15 to become a congressman in the eighth (Bucks-Lehigh) district... Lichtenwalter has submitted his resignation to chief clerk William Habbyschaw and the others were expected to follow suit before the end of the year.

Municipal elections have become part of Pennsylvania's political history but the results have sparked speculation on the 1948 election of a state treasurer and auditor general, posts which have been held by Democrats since 1936... State treasurer Ramsey S. Black was expected to be a Democratic candidate for auditor general succeeding G. Harold Wagner who cannot succeed himself under a constitutional limitation... His Republican opponent may be State Sen. Weldon B. Heyburn, of Concordville, chairman of the Joint State Government commission and former majority leader in the Senate... Black's switch would be in line with precedent established by some predecessors... In recent years they included Edward Martin, of Washington, Pa., now a U. S. Senator; F. Clair Ross, of Butler, now a State Superior court judge and Wagner.

## Curtail Expenses, Martin Declares

Senator Edward Martin Sees Financial Aid To Europe Only Through Curtailing

LANCASTER, Pa., Nov. 13.—(INS)—Curtailment of domestic governmental expenses was seen today by U. S. Sen. Edward Martin as the only way to assure uninterrupted financial aid to distressed European nations.

In a speech to workers attending the 55th anniversary dinner of the Hamilton Watch company in Lancaster last night, Martin said "if we are to spend billions in Europe we must curtail expenses at home. We cannot continue on great projects of health, education, flood control, airports and roads and spend the same number of billions in foreign relief," he declared.

"There is a limit to our financial resources—we must place a limit on our expenditures," he declared. "Governments can go bankrupt the same as individuals and the only receiver of a bankrupt nation is a dictatorship of some order."

He said there were subversive groups in American striving to control labor organizations, schools "and even churches."

## Around Hollywood

By JOHN TODD

International News Service Staff Correspondent

HOLLYWOOD, Nov. 13.—(INS)—Constance Bennett is back at work after a rough siege of the flu, but that is only half the story. She said:

"You can't imagine what a time I've had. It was bad enough to be as sick as I was, but both of my children had to come down with the chicken pox."

**Couldn't See Children**  
Connie had just returned from her leading role in Allied Artists' "Smart Women". She said:

"It was bad enough to worry about the children, but do you know they wouldn't even let me pay them a visit for a whole week. It was terrible."

"They were afraid I might catch it."

**Katherine On Spot**  
If M-G-M doesn't allow Universal-International to borrow her for "One Touch Of Venus", Katherine Grayson is going on a six months' personal appearance tour with her hubby, Johnny Johnston.

She wants very much to do the role, but she's so much in love with Johnny, whom she married

only two months ago, that she wouldn't be too unhappy if it doesn't work out.

"I don't know what the studio is going to say," Katherine explained. "Paramount wanted to borrow me for 'A Connecticut Yankee in King Arthur's Court,' but the studio wouldn't let me go."

**Glad For Husband**  
Katherine is very happy about Johnny's performance with Esther Williams in "This Time For Keeps".

"Well," I said, "do you think you can give a fair criticism about Johnny?"

"Oh yes," replied Katherine, "I can be absolutely impartial in judging him—even if he is my husband."

Then her eyes lighted up and she added:

"Of course I think he's wonderful!"

**Jack Loses Weight**  
Jack Carson and Ann Southern are going through an involuntary weight-reducing course at Warner's. They're in the throes of

rehearsing their final dance routine for "April Showers". Wearing a heavy shirt, Jack was drenched.

"I'll bet I've lost five pounds already," Jack said as he and Ann flopped into chairs. "I lost eight pounds rehearsing for our first dance sequence."

## Liquor Orders

## Going Through

HARRISBURG, Nov. 13.—(INS)—Liquor orders, subject of heated controversy between the state liquor control board and the auditor general's office several weeks ago, today were "progressing normally" through LCB channels.

Board Chairman Frederick T. Gelder reported that "most" of \$200,000 worth of liquor orders held up by policy dispute with

Auditor General G. Harold Wagner had been approved. Gelder added that he had noticed no delay in subsequent orders sent to Wagner for purchase approval.

He admitted the liquor board had made several "paperwork" changes in its purchasing system.

in line with Wagner's suggestions, but denied any changes were made in buying policy. A spokesman for the auditor general's office said liquor orders were being processed without delay.

## Nickel And Dime Machines To Vend Almost Anything

NICKEL AND DIME  
By MARTHA KEARNEY  
(L. N. S. Staff Correspondent)

WASHINGTON, Nov. 13.—More than one billion dollars will be spent by American consumers this year for food and services without a word being said, an exchange being made or an insult being loosed.

To be specific, the American Iron and Steel Institute estimated today that automatic coin machines doing everything from selling insurance to shining shoes and broiling cheeseburgers will swallow that many nickels, dimes and quarters.

**Do Everything**  
The machines are guaranteed to

be no gleam in a mad scientist's eye.

The institute says that they will take telegrams, rent razors, brew coffee, sell bubble gum and deliver the morning paper as well as change money, sell tooth brushes and provide locker space in stations and terminals.

Furthermore, the institute pointed out with pride to one machine which had been selling railroad tickets and making change in a Philadelphia station without once making a customer lose his train.

The whole ticket-issuing operation, it added, takes 15 seconds.

Other machines sell travel insurance, canned goods, dairy products

and dispense gasoline on an all-night basis on isolated stretches of road.

### Boon To Motorists

The 24-hour operation of the coin machine gas pumps was described as a boon to stranded motorists and truck drivers wherever installed.

The institute said that several large apartment houses have set up machines selling butter, cheese, canned goods, cereals and cookies all day and all night.

Coin machines with an electronic grill provide a cellophane-wrapped hot dog, hamburger or cheeseburger cooked to order for one dime. Fifteen hundred tons of these machines are expected to be in use this year.

### Have Some Coffee

Coffee made while you wait—with or without cream or sugar as desired—is featured also in the institute's roundup on machines of this type.

It is reported that one of the nation's largest dairy products companies is planning to put a new ice cream vending machine on the market.

A mid-western grocery chain is also reported to be installing 24-hour automatic annexes for patrons in addition to its usual services.

What's more, the institute noted that there is no longer any need to kick, shake or bite machines to get service but that all three exercises may be indulged in without hurting their feelings or frames.

And the machines are positively forbidden to accept tips.

### THE PARENT PROBLEM

boast about in regard to the manners of the persons brought up in these fine homes and taught in these fine schools. Indeed, we seem to be famous in the rest of the world for our bags of money and bad manners.

It does seem too bad that our neighbors in France have to wonder and worry over whether we like them or not just because of our boorishness. My special bulletin, "Good Manners Make You Likable," may be had in a stamped envelope by writing me at 235 East 43rd street, New York, N. Y.

#### BLOOD TRANSFUSION

LONDON.—(INS)—Professor Valentin German of the Kharkov (Russia) Veterinary Institute has successfully solved the problem of blood transfusion to animals it is claimed.

According to a Tass News Agency Kharkov report, broadcast by Moscow Radio and monitored in London, similar attempts made by scientists of many countries, have so far failed to yield the expected results.

The report says their mistake consisted in that they have failed to this date to attach practical importance to the blood groups of animals, in particular horses. This led to various complications after blood transfusion operations on animals.

Through a long series of experiments, Professor German established the presence of four basic blood groups for horses and elaborated

a new method for blood transfusion.

Two hundred successful blood transfusions have so far been reported by the staff of the surgery department of the Kharkov Veterinary Institute.

This method has been widely ex-

tended to collective and state farms.

## Two Directors At Last Session

Dr. W. D. Cleland And Leslie Brindle At Their Final School Board Meeting

### MINOR MATTERS BEFORE BOARD

When the New Castle school board adjourned this morning at 12:20, it was the last time for two of the directors to vote for adjournment. Dr. W. D. Cleland and President Leslie Brindle did not run for re-election in the past election and their terms have expired.

Dr. Cleland has served for eighteen years upon the board. Mr. Brindle for six. Their places will be filled by Dr. Wilbur E. Flannery and Alec Samuels. Dr. W. Fulton Jackson, presently serving was re-elected at the November election.

**Board Action**  
Teachers were elected, one given a permanent contract and five temporary professional contracts. Ruth Jean Gilchrist of RD 7, Mahoningtown was given a permanent contract.

Temporary contracts were given the following: Dorothy Sue Boliver, of Butler; Dorothy A. Devlin of New Castle; Eleanor Mae Gardner, of Volant; Lewis J. Hamelley of Jackson Center and Myra V. Hoon of RD Prospect.

Permanent contracts were recommended for the following teachers who have completed their temporary or probational period. Gail Cooper, Ruth Cowan, Pauline L. Elliott, Jean B. McCreary, Eileen McFate, Marion W. Patton, Grace B. White.

Sometime in December the board will have prepared and published a statement of football receipts and expenditures for the season which closes with the post-season game in Bethlehem on Thanksgiving Day. The board will meet on Monday night, December 1 for the purpose of swearing in newly elected members and of organizing for the coming year.

## Four Fugitives Quickly Nabbed

PHILADELPHIA, Nov. 13. — (INS)—Four young fugitives from Glenn Mills industrial school were arrested Wednesday while allegedly attempting to rob a central Philadelphia restaurant.

The boys were identified as Robert Zukowski, 17; William Shaw, 17; Daniel Hennessy, 17; and Stanley Benales, 16, all of Philadelphia. Two policemen said they caught three of the youths inside the restaurant after questioning a fourth who was loitering in the street.

The boys, who escaped from Glen Mills last Thursday, reportedly admitted robbing the Blue Goose tearoom in Middletown township of candy, cigarettes and \$50 in cash shortly after their flight.

## EDENBURG

### W. S. C. S. WILL MEET

# Women Set Record In Ballot Count

Finish Today After Only Four Days Of Work On The Official Recount Board

## OTHER HAPPENINGS IN COURT HOUSE

Any remarks about women not being able to work as fast as men can be written off insofar as verifying the results of an election. After only four full days of work, the four women comprising the official return board completed their work today and returned their totals. Not in years has such a fast job been done.

The four ladies started their work last Friday at noon and worked half a day. Saturday was another half day and Tuesday was a holiday. They started Friday at noon and got down to work in a hurry.

The four ladies who comprised the board were Mrs. Harriett Vaughn, Mrs. Pearl W. Morrow, Mrs. Besse Donaldson and Mrs. Cecil Johns.

### DIVORCES GRANTED

The following divorces have been granted by the court. By Judge W. Walter Braham, Theodore R. McKinley from Rosetta McKinley. Mary M. Calquhoun from John A. Calquhoun. James Carney from Rae Carney. ## Return From Hunt In Canadian Woods

After a week's hunting in the deep forests of northern Ontario, Dr. A. L. Hoffmaster and Robert Morrison are home. They went into the forest near Lake Macobie in the Temagami district, far removed from civilization, hunting moose.

The tremendous forest fires in

the district had either killed the animals or driven them away. After a week's hunting for a shot at the big animals, they came out of the woods. The weather turned cold and they left without a trophy.

## Altar-Rosary Society Meets

Yuletide Party Planned For December 9 In St. Vitus Church Hall

A delightful yuletide party has been planned by the Altar-Rosary society of St. Vitus church, the event to be held on Tuesday, December 9, in the church hall. An exchange will follow.

These plans were made Tuesday evening at the regular meeting, with Mrs. Paul Failla presiding. Mrs. Carl Tranquillo, program chairman, will make arrangements.

Rev. Fr. V. Bertoline, assistant pastor at guest, spoke to the group, his subject being, "Charity". Father Bertoline's talk was well received.

A dainty lunch was served by Mrs. Tranquillo, aided by Mrs. James L. Searazzo, and Mrs. A. Catalana.

### AT DAVID REES FUNERAL

Quite a number of American-Welsh folks of this city journeyed on Wednesday to Sharon, where they attended the funeral of the late David Rees, musical instructor and band leader of that city. Dr. Wishart of the First Presbyterian church, that city, officiated. Rev. T. J. Jones, First Congregational church, this city, officiated at the interment.

## Stassen Yields

### Michigan Votes

DETROIT, Nov. 13.—(INS)—Harold E. Stassen asked only a "second mortgage" today on the Michigan delegation to the Republican national convention in 1948.

The former Minnesota governor told Republican leaders, including representatives of Michigan Governor Kim Sigler, last night that

he has conceded the state's votes for president to Sen. Arthur Vandenberg (R) Mich. Stassen then flew to Minneapolis to begin an aerial stump tour.

Stassen added, however, that he will "fight it out" with New York Governor Thomas E. Dewey, who was born in Michigan. Michigan Republicans attached added significance to his stand, since Stassen made it known he had just come from a Washington conference with Vandenberg.

## EAST SIDE GARDEN CLUB LUNCHEON

Members of the East Side Garden club were entertained for their November program in the charming new home of Mrs. O. A. Hartman, East Brook road, on Wednesday afternoon.

One o'clock luncheon was served from a table attractively decorated with an arrangement of "mums" with Mrs. Bertha Smith pouring.

Roll call answer was to name and describe a chrysanthemum. Paper of the afternoon "A Holiday Window Garden" was given by Mrs. C. R. Brenner and Miss Anna Dietterle gave an account of the "mum show" at Phipps Conservatory and an orchid show she attended in East Liverpool.

An exchange of home canned fruit was a feature. Election of officers resulted in the re-election of officers who have served during the current club year as follows: president, Mrs. E. L. Davison; first vice president, Mrs. Harold H. Ferver; second vice president, Mrs. Scott T. McEntire; recording secretary, Mrs. C. R. Brenner; corresponding secretary, Miss Rosa McGurk; treasurer, Mrs. Leonard E. Cramer; member-at-large, Miss Anna Dietterle.

Special guests were Mrs. George W. Ramsey and Mrs. J. C. Jenkins. Next meeting will be December 10 in the home of Mrs. Harold H. Ferver, New Wilmington.

## TEMPLE CLASS HAS LUNCHEON PROGRAM

One o'clock luncheon was served to members of the Temple Bible class of the First Baptist church in the home of Mrs. Ralph Grove, 728 Butler avenue, on Tuesday afternoon, with Miss Sara Jones as co-hostess.

On the program a musical identification contest conducted by Mrs. S. J. Callahan and Mrs. Sadie Lott was a highlight and Mrs. Carol Martin gave a reading for the enjoyment of the group.

Election of officers resulted in the re-election of those who served during the past year.

Next meeting will be a Christmas party in the home of Mrs. Joseph Barwell, 430 East Leasure avenue.

## VON BORA SOCIETY YEARLY ELECTION

Catherine Von Bora Missionary society of St. John's Lutheran church was received in the home of Miss Mary Elizabeth Gibson, Pine street, Tuesday evening, when the yearly election of officers took place. Those named are: president, Mrs. Ruth Lutz; vice president, Miss Vivian Monath; recording secretary, Mrs. Hermine Eve; statistical secretary, Mrs. Adeline Agnew, and treasurer, Miss Hazel Ryhal.

Using "Let the People Praise Three" as her theme, Miss Myrna Kelley gave a devotional leader.

A tempting lunch was served by the hostesses, Miss Gibson and Mrs. Hermine Eve, with Mrs. E. Gibson as an aide.

Miss Helen Nemi, Pearl street, will entertain Tuesday evening, December 9, when Miss Hattie Dale will be joint hostess. Plans have been made for a Christmas party December 30 in the home of Mrs. Margaret Campbell, Fairfield avenue.

## RUTH CIRCLE ELECTS AT NOVEMBER MEET

Ruth Circle of the First Methodist church met Tuesday evening in the church for its November program and election of officers.

Mrs. Ralph Reed reviewed the book "Portrait of a Pilgrim" as the highlight of the study program. Mrs. Harry Lockley led devotionals and members answered roll call with a verse of Scripture.

During business, with Mrs. Dallas Sloan presiding, officers for the coming year were elected as follows: president, Mrs. Dallas Sloan; first vice president, Mrs. Fred Brickley; second vice president, Mrs. Sidney Lockley; recording secretary, Mrs. W. J. Sloan; corresponding secretary, Mrs. H. B. Ray; treasurer, Mrs. Walter McCormick.

Hostess committee was Mrs. W. J. Chapman, Mrs. Lillian Gay, Mrs. Sam McCarty, Mrs. W. J. Sloan, and Mrs. Charles A. McVoy.

Next meeting will be December 9 in the home of Mrs. Leora Walter, 10 East Edison avenue.

Mr. and Mrs. Powell were united in marriage at the First Presbyterian church of Jamestown, N. Y., on November 18, 1897.

Mrs. Powell is the former Annie Louise Stewart, daughter of the late Mr. and Mrs. Wilson McCall

## NEWLYWEDS ON WEDDING TRIP

Mr. and Mrs. Henry Shultz, nee Clara Crawford, are on a wedding trip to Michigan and Canada following their wedding on November 8 and upon their return will be at home after November 17 in their newly furnished home at 1315 Howard way.

The single ring ceremony was solemnized in the parsonage of Westfield Presbyterian church at 4 o'clock in the afternoon by Rev. John M. Fife.

The bride wore a xine gabardine suit with black accessories and a corsage of red roses and white mums. As her attendant her sister Mrs. William Klingensmith, wore a brown gabardine suit with a corsage of roses and carnations. T. J. Marjocka served the groom as best man.

Following the ceremony, a wedding supper was served to the bridal party at 5:30 at a downtown restaurant followed in the evening by a reception in the home of the groom's parents, Mr. and Mrs. Anton Schultz, of 1034 Cedar street.

Mrs. Schultz, daughter of Mr. and Mrs. Albert Crawford, of R. D. 7, is employed at the Shenango Pottery and Mr. Schultz is in the employ of the American Can Company.

## KUBINSKI-LIPINSKI MARRIAGE NEWS

At the Church of the Madonna, Miss Sophie Kubinski, daughter of Mr. and Mrs. William Kubinski, of 23 North Liberty street, became the bride of Joseph Lipinski, son of Mrs. Margaret Lipinski, of Poland, on October 25, 1947.

Rev. Frank Kuczyński, the pastor, officiated at the ceremony, using the single ring service.

Maid of honor was the bride's cousin, Miss Loretta Golenbeski. Bridesmaids were her cousins, Misses Loretta Nasierowski and Helen Kubinski. Best man was Leo Kozak. Ushers, Walter Pierz and Steve Pietrzykowski.

There was a reception at Columbus hall, guests attending from surrounding cities, where a five layer cake, weighing 80 pounds, made by the groom, was cut and enjoyed.

The bride is manager of the Royal Baking Company business of her parents; she is a graduate of New Castle high school. The groom is a baker in the employ of the company; he is a veteran of four years service in World War 2. The couple are residing at the home of the bride's parents.

## DOROTHY CLINGAN NAMES ATTENDANTS

Miss Dorothy Clingan, bride-elect of this month, has chosen her sister, Mrs. Frank Krajewski, to be matron of honor at her wedding. Leo Zipfel, brother of the bridegroom, to be, will serve as best man.

The open church ceremony will be performed on Saturday morning, November 29, at 9:30 o'clock in St. Joseph's church, with Rev. Fr. Francis C. Streiff officiating and using the double ring ceremony.

A brief informal reception will be held in the evening from 7 to 9 o'clock in the Ecclesian club rooms, South and South Jefferson streets.

Miss Clingan, daughter of Mr. and Mrs. William M. Clingan of 1008 Wilmington avenue, this city, will become the bride of Joseph Charles Zipfel, son of John Zipfel and the late Mrs. John Zipfel of Baltimore, Md.

YOU NEED NO BLEACH... the "extra suds" wash clothes cleaner, whiter. And colors stay bright!

NO OTHER SOAP in the world can remove more dirt than the new 1948 Super Suds!

The famous laboratories of Colgate-Palmolive-Peet have made the greatest Super Suds ever! Increased amounts of costly ingredients were added to the sudsing wonder, Super Suds, to make even more suds... to wash clothes whiter—and you need no bleach.

Clothes washed with new 1948 Super Suds are whiter because they're cleaner! Sweeter-smelling, too! And the same ingredients in new Super Suds that wash white clothes whiter wash colors color-bright! Gentle on hands, too!

So... for the whitest, cleanest Super Suds wash you've ever had, get new 1948 Super Suds at your dealer's now. No soap in the world can wash clothes whiter!

REMEMBER...

YOU NEED NO BLEACH

Mrs. James Harrington says: "Those extra suds with extra fight sure get my white clothes extra white!"

"I never washed white clothes whiter than with the wonderful new 1948 Super Suds! I have to wash for a family of five, so I really need suds! Do I appreciate Super Suds' extra suds for extra whiteness! Especially since I need no bleach!"

## EAST SIDE COUPLE MARK ANNIVERSARY

On Armistice Day, November 11, the twenty-eighth wedding anniversary of Mr. and Mrs. William Wignall, was observed at their home 909 Maryland avenue.

Miss Ann Hitchen was hostess, to the family event, serving a turkey dinner with all the trimmings. Aides in serving were Mrs. Jack Hitchen and Miss Florence Hitchen.

A large bouquet of white Killarney and yellow Pernet roses graced the center of the table, the gift of Mrs. Wignall's sister, Mrs. William Young, of Vancouver, B. C. Special guest of the occasion was Mrs. Robert Cowe, a sister-in-law of Vancouver, who was maid of honor at the honored couple's wedding. She has been houseguest of the Wignalls for six weeks.

Floral bouquets were received from Mr. and Mrs. Joseph Wignall, Indianapolis, Ind., Mr. and Mrs. James E. Donaldson, Detroit, Mich., and Mrs. Cowe's children of Vancouver.

During the afternoon, there was

## BRIDE AND GROOM VISIT EN ROUTE

Mr. and Mrs. Merrill J. Walls were in New Castle Wednesday for a short visit following their marriage on November 8 in Atlanta, Ga.

The bride is the former Miss Sue Haller, daughter of Mr. and Mrs. Earl Haller, of Lenoir City, Tenn. The wedding ceremony took place Saturday afternoon in the home of Mr. and Mrs. Z. D. Layton in Atlanta, with Rev. R. Smith officiating. Mrs. Charles Dakin attended the bride and Mr. Dakin served the groom as best man.

Mr. and Mrs. Walls left Wednesday evening for Dayton, O., where they will take up residence. While here they are visiting Mr. Walls' parents, Mr. and Mrs. J. E. Walls, of 1619 Thorpe street.

## WEDDING IN DETROIT OF INTEREST HERE

Of interest here is the announcement of the marriage in Detroit, Mich., of Miss Ann Battilocchi, daughter of Mr. and Mrs. Carmelo Battilocchi, of Cooper avenue, Detroit, and Agostino Averso, son of the late Mr. and Mrs. Joseph Averso, of this city.

The wedding took place on November 8 at 10 a. m. in the Nativity of Our Lord Church. Rev. Francis P. Kolb officiated.

The bride's attendants were Miss Alice Vancelli, maid of honor, and bridesmaids the Misses Paula Battilocchi and Sue Averso, of this city. John Grassi was best man and ushers were Joseph Giorgetti and Peter Binando, all of Detroit.

Following the ceremony a wedding breakfast was served in the home of the bride's parents with a dinner served later to 65 guests in the Roma hall and a reception afterward.

The newly weds are at present in New Castle at the New Penn hotel on their wedding trip and will be at home after November 23 at 5514 Cooper avenue, Detroit.

## C. C. CIRCLE WILL COLLECT CLOTHING

### Building Christian Character

Highlights On The Sunday School Lesson

## The Golden Text

In the temple.

"And the child grew, and waxed strong, filled with wisdom; and the grace of God was upon Him."—Luke 2:40.

By NEWMAN CAMPBELL  
(The International Uniform Lesson for November 16 is 11 Peter; Jude; Luke 2:40-52, the Memory Verse being Luke 2:40, "And the child grew, and waxed strong, filled with wisdom; and the grace of God was upon Him.")

Peter, in his second epistle to his fellow Christians, reminds them that they have become "partakers of the divine nature, having escaped the corruption that is in the world through lust."

"And beside this giving all diligence, add to your faith virtue; and to virtue knowledge; and to knowledge temperance; and to temperance patience; and to patience godliness; and to godliness brotherly kindness; and to brotherly kindness charity."

"For if these things be in you, and abound, they make you that ye shall neither be barren nor unfruitful in the knowledge of our Lord Jesus Christ."

These are the steps in building a Christian character. We have all the materials needed, but they must be assembled according to the laws that govern them so that they will stand the buffetings of life, just as a building made of wood, brick or stone must be erected according to the laws of physics so that, when built, it will not collapse when storms blow.

What does it mean to be "fruitful"? In a tree the leaves, bark, wood, branches and blossoms

are all for the tree's welfare, but the fruit is the product of the tree's life and helps the health, enjoyment, strength and enrichment of mankind.

Virtue is for our own good, but if we follow the advice Peter gives in his letter, and "add to godliness brotherly kindness, and to brotherly kindness charity," we will be fruitful; we cannot help it. We will help others and convert them to our own faith by our lives.

### Peter's Time Short

Peter writes thus because he knows his time on earth is short and he wants his friends to remember his words when he is gone.

The epistle of Jude (who is, he says, brother of James, and therefore a member of the family of Joseph and Mary of Nazareth, brother of Jesus), is occupied with the question of those who have fallen away from the faith, "ungodly men," and the late that is in store for them. "Woe unto them!" he writes, "for they have gone in the way of Cain, etc."

Again we have the story of Jesus' boyhood, one of the very few related in the Bible: Every year at passover time Joseph and Mary led their home in Nazareth and joined a pilgrimage to Jerusalem. When Jesus was twelve years old they took Him with them.

When the passover was over, as Luke tells us, "when they had fulfilled the days," they started back home, but Jesus, unnoticed by them, stayed behind in Jerusalem. Joseph and Mary supposed Jesus was with other members of the company also returning to Nazareth or other places near by, so when He did not join them they began a search "among their kinsfolk and acquaintance."

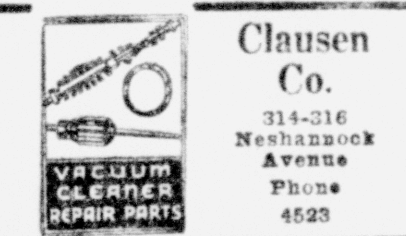

Not finding Him, they turned their steps again to Jerusalem, looking for Him, or three days they searched for their son, doubtless ill from worry. At last they found Him in the temple, "sitting in the midst of the doctors, both hearing them, and asking them questions."

Amazed at finding Him there and seeing how familiar He was with these learned men of the temple, His mother said to Jesus: "Son, why hast Thou thus dealt with us? behold, Thy father and I have sought Thee sorrowing." Quite unconscious that He had caused His parents worry, Jesus answered simply: "How is it that I must be about My Father's business?"

This is the first intimation that Jesus knew of His divine mission on earth, and that He expected that His earthly parents understood it too.

But they "understood not the saying which He spake unto them." He went with them back to Nazareth and was a dutiful son thereafter. "But His mother kept all these sayings in her heart," and pondered them while the boy Jesus "increased in wisdom and stature, and in favor with God and man."

### Clashes Spread Through Italy

ROME, Nov. 13.—(INS)—Communist-led industrial and shipyard workers mauled a member of the allegedly fascist "Italian Social Movement" and injured a navy officer who came to his assistance as communist-rightist clashes spread throughout northern and central Italy today.

The mob at La Spezia attacked the men after burning non-Marxist newspapers and assaulting headquarters of the "Common Man Party".

A 24-hour general strike including utilities and the means of communications was called by the Chamber of Labor of Como province.

The communist-controlled General Federation of Labor passed a resolution demanding that the government "suppress immediately the Italian social movement and other camouflaged fascist organizations".

Violence spread from Milan, Genoa and Bologna to other Italian

cities today including Venice, Ferrara, Modena and Emilia.

Communist workers in a Milan suburb yesterday lynched one member of the rightist Common Man movement. Another died from a fractured skull.

Rioters destroyed a Common Man newspaper office and the headquarters of the allegedly fascist "Italian Social Movement" in Milan itself.

### City Navy Club To Meet Sunday

Ray Matthews, post commander of the New Castle Navy club, announced today that there will be regular meetings of the Navy club on the first and third Sundays of each month at the New Castle Sports Arena at 4:30 p. m.

The Navy club is composed of ex-Navy, Coast Guard, and Marine personnel.

Memberships are open for the above ex-service personnel, and interested are cordially invited to attend the meetings. The sole purpose of the club is to formulate and sponsor social events, and to assist ex-service personnel in either social or business ventures.

### STUDENTS DISLIKE SILHOUETTE STYLE

PHILADELPHIA.—(INS)—What do America's future secretaries think of the new silhouette style dresses?

For dress — and if the girl has the figure to go with it—it's wonderful. But, for the everyday working typist and clerk, it's a hindrance and a handicap that should be left home for evening dates.

That is the consensus of 75 students in the secretarial school of the Columbia Institute in Philadelphia.

In a special poll, 52 students liked the "new look," 20 did not care too much for it, and three were undecided.

How long do these ladies like their skirts?

About three inches below the knee, was the unanimous reply.

City Contributes \$250 To  
Armistice Day Celebration Here

### OTHER NEWS OF COUNCIL AFFAIRS

Council convened in the city hall today where the solons adopted an ordinance fathered by Councilman Joseph D. Alexander appropriating \$250, for the Armistice Day celebration. Appropriations of this kind are an annual affair, state law permitting such to be made.

Council also adopted an ordinance whereby the city has taken over a natural water course between the E. & A. division, P. R. H. and Cedar street, which flows on the property of the Elco Company, Seventh ward.

Upon recommendation of Safety Director D. O. Davies 150 CP lights are to be erected at Stanton and Ryan avenue and also at an alley in East Reynolds street, west of South Mill street.

Checks amounting to \$200 from the New Castle Duntile Company, were ordered returned today by council. They were submitted with bids for the Garfield avenue sanitary sewer and the Vogan street sanitary sewer.

Upon motion of Finance Director Albert Hoyland, City Clerk Jack H. Fritz was ordered to draw vouchers for \$3,000, to the Paid Finemen's Association, and also \$3,000, to the police pension fund, the money being their share from the tax on premiums of foreign fire insurance firms doing business in the city.

## Tom Thumb Wedding At Christian Church

Proceeds Of Event To Be Used  
For Memorial To Men  
Killed In War

Successful in every detail was the Tom Thumb wedding presented by the beginners' department of the First Christian church Wednesday evening in the church auditorium, which was filled to capacity. Proceeds of the event will go toward the purchasing of a memorial window in memory of men of the congregation who died during World War II.

Preceding the ceremony, Miss Marjorie Van offered a recital of organ music. The junior choir of the church, accompanied by Miss Margaretta Hess, sang "I Love You Truly" and "Because". Chrysanthemums, palms and tapers in branched candelabra decorated the tastefully arranged altar.

Pamela Williams, the bride, was given in marriage by her father, David Ammons. She was attired in a long white gown and veil. She was attended by Cindy Lou Ziegler as matron of honor, while Sherrie McWilliams, Elaine Chapman, Claudia Shaffer and Nancy Showalter served as bridesmaids. They were attired in long gowns of blue, yellow, orchid, green and pink with matching hats. The bride and her attendants carried colonial bouquets of fall flowers. Dickie Jamison acted as ring-bearer. Jacqueline Stevenson was flower-girl.

Michael Allen, the groom, was attended by Jimmie Layton as best man. Richard Sias, Ronald Shaffer, Dale Earl, Sonny Ingham, Eddie Fondrick and Ralph Horchler ushered. Robert McConahy served as the minister, while Wayne Meyer and Paul McConahy were announcers.

Patricia Anderson was the bride's mother. Judith Parkes was the groom's mother and Johnnie Pappas was his father. Fifty wedding guests represented the official board and elders of the church with their wives as well as former teachers and officers of the congregation.

Mrs. Richard K. Allen and Mrs. William Wheldon were responsible for the successful event. A number of other women of the church assisted with arrangements. Following the ceremony there was a reception in the social rooms where refreshments were served.

The Cape of Good Hope was first named "Cape of Storms" by early Portuguese navigators seeking a sea route to India.

**ITINERANT MUSIC LOVER**  
PORTLAND, Ore., (INS) — At least one member of the new Portland Symphony orchestra drives 100 miles for concerts and rehearsals. He is genial Joe Amato, first tympanist and personnel manager of the organization for 17 years. He now has a home and business in Astoria on the coast. But when the orchestra recently called him again Amato answered and now spends a good part of the symphony season commuting between the two cities.

## Release Driver After Inquest

### Jury Places Blame For Collision At Rose Point On Driver Of Auto Convoy

Philip B. White of Cleveland, O., driver of the auto convoy which was involved in a collision with an auto driven by Victor M. Wimer of R. D. 2, Portersville, on the night of October 27, in which the infant son of Mr. and Mrs. Wimer was fatally injured, was released from bond, following an inquest before Deputy Coroner Charles E. Allen in the office of Alderman James C. Brice, Wednesday afternoon.

Although no criminal negligence was indicated, the jury brought in a verdict, which placed the blame for the collision on White.

White claimed that he had stopped, following the accident, and was of the belief that he had struck the rear of a tandem truck, carrying steel, and had knocked the rear section of the truck off the highway. He claimed he had placed flares on the highway, but other witnesses, who were in the vicinity at the time, stated that he did not stop immediately, but proceeded on up the road following the crash.

Mr. Wimer has been unable to remember much what happened, as he was rendered unconscious and had a severe head injury. Mrs. Wimer stated, however, that the trailer part of the truck jackknifed and that their car had crashed into the back end of the truck as it swung across the road.

Others who testified included Dr. George J. Jones, State Highway Policeman Harold G. Rice, Mr. and Mrs. Frederick W. Yeager of R. D. 6 and Emory G. Johnson of R. D. 6, the latter of whom was in the vicinity, and claimed that they did not see White's truck stop at the accident scene.

The jury was composed of Peter C. Rupp, Charles A. Donges, Bart Richards, Carl A. Leathers, Clark H. Buell and Harry O. Carlson.

## Tours Country On Battered Motorbike

MADISON, Ga.—(INS)—Jack Zimmerman, lately of Madison, Ga., is 62-year-old and a true soldier of fortune.

Zimmerman has toured 42 states since 1935, traveling by bicycle and "just enjoying" himself.

He began his travels in 1935 because "times were not too good." He went from Madison to Atlanta and thence to Florida, New York, Pittsburgh, Chicago and San Francisco.

Shipped Out

From there, he shipped out with an International Brigade sailing for the Spanish Revolution front.

After a few months of fighting with the Loyalists he hopped an oil tanker for San Diego.

Zimmerman carries his household gear strapped to his trusty bicycle. He makes a living by selling pictures of himself and the well-traveled vehicle to stay-at-homes in the cities he visits.

Zimmerman comes by his nomadic life naturally. His parents were circus performers.

## Men Without High School Diplomas Get Air Training

### Enlistments Being Taken For Air Forces Without Diploma, Recruiters Here State

Cpl. Pete A. Colla of the local US and US air force recruiting station announced today that young men without high school diplomas may enlist in the US air force if they are 17 to 34 years old.

Once they have been accepted by the air force, they may take USAFI courses which will enable them to complete their high school education. This will make them eligible for the aviation career plan, which means that they can apply for training in an air force specialist school of their choice. Completion of their high school education also permits them to apply for administrative officer candidate school, provided they are between 20 and 28½ years old.

For further information pertaining to enlistments contact your local US army and US air force recruiting station located at room 202, Post Office building, New Castle, or phone 7593.

## Villagers Help Needy Families

KYOTO, Japan.—(INS)—The charity of Fr. Leo Steinbach, pastor of the Maryknoll church in Kyoto, has become contagious. Nine villages and one town of the Kyoto region recently joined with the priest to aid needy Kyoto families.

Four trucks loaded with potatoes, pumpkins and onions arrived in Kyoto for distribution by Fr.

Steinbach, a native of Chariton, Iowa. The farmers are supplying their food to the priest without charge, declaring that they are greatly impressed by the fact that the Maryknollers bought ten tons of rice out of their own funds for free distribution.

The Tokyo newspaper Mainichi has estimated that Fr. Steinbach has assisted more than 30,000 families, including 500 families of professors and employees of Kyoto Imperial university.

Kissing the hands of great men was an ancient Greek custom.

## Retirement Systems In Effect In Some Pennsylvania Cities

Retirement systems for municipal employees are now effective in Allentown, Erie, Johnstown, York, Harrisburg, Reading and other cities of the third class in Pennsylvania, according to Property Director Joseph D. Alexander who introduced the local retirement

fund ordinance in council, Monday.

According to the proposed measure, it will not become effective for two years, and to enjoy any of the benefits of the measure the city officer or employee must have had 12 years service. One can retire at the age of 60 and must retire at the age of 70.

Plans, at present, call for each officer and employee, to contribute three percent of his salary or wage to the fund which will be augmented by a city appropriation of not more than 3-10 of a mill. It is optional with the officer

or employee whether or not he joins in the fund.

It is not known what position the fire and police departments will take, because both have their own pension systems now operating.

Council plans to give the measure deep consideration before it is finally adopted.

PITTSBURGH, Nov. 13.—(INS)—

The coroner's office reported today that John F. Uritz, 34, a tavern owner in suburban Bridgeville, shot himself to death Wednesday. Ill health was listed as the cause of the suicide.

## Fall Down Steps Causes Injury

Mrs. Mable Obodzinski, aged 32 years of 523 E. Moody avenue, suffered a fracture of a bone in her neck, when she tripped and fell while descending the stairs at her home, Wednesday afternoon.

She was brought to the Jameson Memorial hospital for treatment at 2:30 p. m., Wednesday.

# Red Propaganda Forces Are Busy

Many Claims Are Being Made About Conditions Inside Russia

NEWS ANGLES AT WASHINGTON, D. C.

(Special To Central Press)  
WASHINGTON, Nov. 13.—Despite the vigor with which the House Un-American Activities committee has prosecuted its hearings on alleged Communism in Hollywood and elsewhere in the nation, it is not expected to recommend outlawing of the Communist party.

A majority of the committee's nine members are believed to question the wisdom of outlawing the party while the nation is at peace. Some members also feel that it might do more harm than good to drive the CP underground. Still others feel that it would create a dangerous precedent for Congress to outlaw the Communist party, although the committee already has cited the party as "an agent of a foreign power."

The committee will consider at length, however, legislation tightening controls over American Communists, including possibly a law authorizing an employer to dismiss a proven Communist.

The official Soviet propaganda outlet in the United States is boasting loudly these days about Russia's high rate of industrial and agricultural production.

According to the Soviet embassy publication, the Information Bulletin, not only are the Russians producing more, but their workers are getting more money.

The Bulletin claims that in the third quarter of 1947, the state production plan was fulfilled by Russian industries "to the extent of 104 per cent." Soviet agriculture, it said, surpassed the 1946 output by 58 per cent.

The "voice" of the Kremlin in the United States declared that "due largely to increased labor productivity" the total payroll of Soviet workers in the third quarter rose 26 per cent compared with the same period in 1946.

The propaganda bulletin also reports that Russia is paying off its people the 76 billion rubles (about 15 billion dollars) they loaned the government in World War II.

Russia is reported to have begun redemption of its 1942 war bond issue. Holders of bond numbers selected in a drawing will be held this year. Next year another drawing will be held, along with a first 1943 bond issue drawing. The Soviets, say in this way the entire debt will be paid in 15 years.

Don't look for Food Conservation Chief Charles Luckman to mention the subject of high food prices in any of his appeals for Americans to adopt meatless, poultryless and eggless days.

Luckman believes that the nation should be asked to save food from a strictly humanitarian standpoint to provide additional relief for hungry European countries.

While Luckman has pointed out that he believes that success of the food saving drive will help to bring down food prices at home, he has refrained carefully from promising that his program will lower the cost of living.

Luckman realizes that a promise that food saving will bring down prices would be a great selling point for his conservation program but he also feels that the price problem is a long range one and most Americans would expect an immediate drop in prices if he made such a promise.

The United States Navy, probably the nation's largest user of petroleum, is mightily interested in developing new oil reserves in the Middle East, but it's running into the same trouble encountered by many manufacturers—lack of steel.

The Navy wants 480,000 tons of steel exported to Saudi Arabia for construction of a pipeline. Their argument is two-fold:

(1) Saudi Arabia is the world's largest undeveloped source of oil; (2) utilization of American steel for the pipeline would make only a small dent in total United States production, but would repay the investment many time over in oil output.

## Bids Taken For Razing Building

Bids were received Wednesday by the Fraternal Order of Eagles for the demolition of the old Cook building which lies east of the club house, facing on South street. No contract for the demolition can be announced until the grand lodge approves any proposed action.

It is understood that if and when the Cook building is demolished, the Eagles propose to build an addition to their present quarters as a recreation center.

## Nationwide Hunt For Blind Man

Young Man Who Blinded Himself In Prison Has Mysteriously Disappeared

PHILADELPHIA, Nov. 13.—(INS)—A nationwide search for a blind man was in progress today. Government attorneys revealed that Jerome Poster, 24, who blinded himself in prison to destroy "uncontrollable tendencies" to commit forgery, has mysteriously disappeared.

The youth, "boy wonder" of the forgery racket, was released from prison on October 8 to obtain medical examination and treatment.

He had blinded himself by plunging a hypodermic needle into his eyeballs and withdrawing vital fluids.

Poster's parents told police and federal attorneys that he disappeared from home last Friday

while his father was working and his mother was shopping.

They reported he was "emotionally distressed and very morose" since his release from prison. They expressed fears that Poster may have taken his own life.

The youth is wanted for forgeries and mail thefts extending as far west as Seattle.

## Three-Ton Elephant Indigestion Victim

PITTSBURGH, Nov. 13.—(INS)—Highland Park Zoo officials have a headache—from the biggest stomach-ache in the zoo's history.

Gloria, Pittsburgh's only elephant, is on the sick list with chronic indigestion. To keep the three-ton "Glamor Girl" from getting hypostatic pneumonia, her keepers must turn the prostrate animal from side to side at intervals.

Dr. David McNary, zoo veterinarian, says the "turnover" is necessary to relieve pressure on the lungs.

## THIS AIN'T HAY: IT'S BREAKFAST

CINCINNATI—(INS)—Comedians may joke about the alleged hay-like characteristics of modern breakfast foods, but some day they may have to eat their words—as well as the hay—and like it.

Dr. Waldo Semon, director of pioneering research of the B. F. Goodrich company, told the Farm Chemurgic Council recently that alfalfa may some day be a highly

regarded source of human food.

He said it contains much high-quality protein, a basic requirement of human foods, and "when you consider also the rich mineral and vitamin content, there is plenty of incentive for working out a way to convert alfalfa into palatable human food."

In virgin forests the wood lost in dying trees about equals the yearly volume of growth.

## INFANT STRANGLER

UNIONTOWN, Nov. 13.—(INS)—The coroner's office reported today that Robert Lynn Bryner, Eight-month-old son of Mr. and Mrs. Charles Bryner of Uniontown, was strangled yesterday when he attempted to climb out of his play pen. The child's sweater caught on the top of the play pen, suspending him above the floor.

## Kids Not Chasing Fire Trucks; Want To Be Scientists

NEW YORK—(INS)—There was a time when most kids dreamt of being cops, firemen and railroaders. But the atomic age has invaded even the realm of youthful day dreams.

Today's teen-age Mittys want to be nuclear physicists, cancer research specialists, super sonic engineers and—hold your breath—psychiatrists. These facts were revealed in a poll conducted by Samuel Goldwyn productions by Bill Berns, WOR morning reporter, seeking a daydreamer like Walter Mitty. James Thurber's character Berns queried his youthful listening audience on "What do you daydream of being?"

The answers revealed a practical approach by the majority of those being polled. Heading the list of chosen fields were the sciences with future doctors, nurses, scientists, astronomers and nuclear physicists speaking up for careers to help humanity.

**Entertainment Field Picked**  
The entertainment field commanded the attention of the next largest bloc of daydreamers with actors, musicians and singers topping the list. Designing feminine fashions headed the list of girls' choices with "housewife" in second place.

Less than one per cent of the entries preferred the traditional standby of policemen or firemen. Equally low on the scale was the following of government officials with the exception of this youthful sage: "One time I wanted to be a politician, but changed my mind because a politician works for his own good while a statesman works for the people's good."

### STEAL FOOD INTENDED FOR FREEDOM TRAIN

LANCASTER, Pa., Nov. 13.—(INS)—State police searched Wednesday for the thieves who broke into a one-room country schoolhouse in southern Lancaster county and stole food intended for the "friendship train" due at Lancaster November 17.

The teacher, Mrs. Mary Lefever, said even the flowers on her desk had been stolen, according to police.

## Assistance Reaches Dutch Freighter On Fire In China Sea

MANILA, Nov. 13.—(INS)—The Dutch freighter Alpherat, a victory-type vessel owned by the Holland East Asia line, was reported in no immediate danger today several hours after the ship's master radioed for assistance to combat a fire in the No. 1 hold.

The freighter Boonesborough was standing by the Alpherat in the South China sea near Hong

Kong. Another freighter, the SS China, was in the immediate vicinity.

An official of the Java China Japan line, Manila agent for Holland East Asia, said the Alpherat carried a crew of 35 and one passenger when it sailed from Manila

for Hong Kong Nov. 11. The passenger was en route to Japan.

The Manila ship's agent said last reports from Capt. Van Kerkwyk De Ridder indicated his vessel was in no immediate danger.

Soils that are too low in organic matter usually produce poor crops.

### English Guests At Barris Home

Pratley Family Here From Oxford, England; Fellow Passengers Of Duke, Duchess Of Windsor

Mr. and Mrs. John Pratley and son, John Jr., of Oxford, England, arrived at the home of Mr. and Mrs. Ransom W. Barris of Mt. Jackson road on Wednesday evening at 10 o'clock.

The Pratley family traveled first class on the liner Queen Mary from England to United States. Among the distinguished passengers aboard were the Duke and Duchess of Windsor. Johnny says that the Duke and he at one time joined in stroking a poodle dog aboard the ship. Mrs. Pratley says the Duke and Duchess were looking "in the pink". It was a good voyage across.

Since landing in New York this week, took a taxi drive along Broadway in the evening and were thrilled with the sight. With the dimout still in vogue in England, for the saving of fuel, they were dazzled by the tremendous amount of light in the Empire City. To Junior the scene looked like a huge carnival or fair ground. The Pratleys say that the traffic in New York is dizzy fast.

Mr. and Mrs. Pratley and son will make their home temporarily with the Barris family.

### Mr. and Mrs. Headlee Baby Christened

Ted Torres, S-1-c VF-1L, NAS, of Atlantic City, N. J., arrived Sunday morning on a surprise visit to

his sister, Mrs. Robert Headlee of 923½ North Cedar street.

Mr. and Mrs. Robert Headlee's baby girl, A. Jale Headlee, was christened at St. Margaret's church on Sunday with her grandmother, Mrs. Evangeline Torres and Seaman Torres as sponsors.

Mrs. Headlee's mother, Mrs. Torres, of Thibodaux, La., has been visiting here for two weeks, taking care of her daughter, Mrs. Headlee was a former War in service during World War 2.

Sunday morning in New Castle was the second time Seaman Torres has seen any snow. He is 19 years of age.

### Society Officers Meeting Tonight

For this evening, President Nick Adamo is calling a meeting of the officers of Christopher Columbus society at 7 o'clock in the hall, when it is expected important business will be transacted.

Members of the Women's Society of Christian Service of the Mahoning Methodist church gathered on Tuesday evening in the church. The devotional exercises were conducted by Mrs. W. T. Jones. Mrs. Leonard Blasdel gave a

talk, in line with the spiritual life program. Miss Virginia Stone and Mrs. Ruby Arble read papers dealing with the need for missionaries.

The business session was in charge of Mrs. W. A. Moss, following which there was a social period.

Mrs. Etta Barnett, Mrs. Myrtle Miller and Mrs. Ralph Taylor served a delicious lunch.

Next meeting is scheduled for Tuesday evening, December 9, in the church.

### B & O VETS ENJOY POT LUCK SUPPER

B. & O. Veterans club met on Wednesday evening in St. Margaret's hall, North Liberty street, for a pot luck dinner at 6 o'clock. Dinner was served to 50 members.

Plans were laid during the business session for the annual Christmas party which will be an event of Wednesday evening, December 10.

During the evening games were played, with prizes being awarded to Mrs. Ray Walker, Mrs. C. F. McCafferty, Elmer Burdge and Kenneth Walters.

### HAS WORD BROTHER DIES IN STONEBORO

Word comes from Stoneboro of the death on Tuesday of Michael Patrick Brazel, aged 83, sister of

Mrs. Annie Quimby of Mahoningtown. He is survived by four daughters, two sons and three sisters. Deceased was a member of St. Columbkille's Catholic church, Stoneboro, with interment in the church cemetery.

### BOARD OF EDUCATION WILL MEET TONIGHT

At Mahoning Methodist church this evening at 7:45 there will be a meeting of the Board of Education. After the business session, Mrs. J. A. Waddell, delegate to the superintendents of the Erie Conference churches at Warren, Pa., will make her report.

**WILD GEESSE OVER WARD**  
 About 5 o'clock Wednesday morning Mrs. J. B. Comstock, North Cedar street, heard what she thought was a noise from some person outside being maltreated. Mr. Comstock advised his wife that the "racket" was being made by a flock of wild geese flying overhead.

**NOTICE**  
 Saturday, November 15, Dorothy's Beauty Shoppe will be closed all day. Open Monday. Adv 11

### SEVENTH WARD PERSONALS

Miss Ruth Schultz of 1034 North Cedar street is confined to the New Castle hospital and is getting along

as well as can be expected. She underwent an operation for appendicitis on Tuesday.

Mrs. J. A. Waddell has returned from Youngstown, where she was recuperating from a recent illness for two weeks at the home of her son, Jack Waddell.

Mrs. Margaret Sinibaldi of North Wayne street, who has been ill at her home, is much improved.

Mr. and Mrs. Jack Wilson and son, Gregory, of Washington, D. C., have returned, after visiting with the former's parents, Mr. and Mrs. J. W. Wilson of 707 North Cedar street.

Mrs. H. W. Goad of North Cedar street, has left for California, where she will visit with her brother, J. Bradley.

### To Attend Cancer Conference Today

Mrs. Blake Waldo and Mrs. Bertha Driggs of the Lawrence County Cancer society will attend a regional conference opening in Pittsburgh today.

It was reported that the meeting held at the Mahoning Valley Grange earlier in the week was very successful. Speaker was Dr. Wesley Post. A film "Time Is Life" was shown by Clarence England of the Pennsylvania Power company.

### W. C. T. U. AND L. T. L.

East Side W. C. T. U.

Community Chest Chairman George F. Winter, Jr., today named the women who will be in charge of the collection stations throughout the city Friday and Saturday as an effort is made to raise the remaining \$7,000 of the drive.

Those stations, which will be placed in different banks, stores and offices, will afford those persons who have not yet given a chance to do so on those two days.

**Those In Charge**

The following have been named: First National bank and Lawrence Savings & Trust Co., Mrs. Ethel Rantz Ferver, A. & P. store, Mrs. L. C. Calvin; People's and Citizens' banks, Mrs. Eliah Kaplan; New Castle store, Mrs. Howard Kley; Strouss-Hirschberg store, Mrs. G. G. Horchler; Pennsylvania Power company, Miss Marie Dutkiewicz; G. C. Murphy company, Mrs. George Sherman; Neisner's, Mrs. Walter Reneker; and Mrs. Mifflin Miller; Union Trust company, Mrs. J. W. Moorehead; The News company (own representatives).

This will be the final appeal to raise the amount necessary to sustain the 12 agencies of the city during the coming year. Everyone is asked to cooperate and put the drive over the top.

## Committee Plans Sex Crimes Survey

HARRISBURG, Nov. 13.—(INS)—The joint state government commission announced on Wednesday that a special committee would survey sex crimes and then recommend adoption of increased penalties by the General Assembly in 1949.

Sen. John W. Lord, Jr., (R) Phila., chairman of the commission's penal committee, said he favored death for certain sex crimes which affected the lives of many people.

## Truman Defines Word Columnist

WASHINGTON, Nov. 13.—(INS)—President Truman on Wednesday described a columnist as a reporter who had made so much money that he doesn't any longer have to report facts or tell the truth.

The president gave his description of columnists to delegates attending a meeting of the Sigma Delta Chi, journalistic fraternity. The president got a big laugh from some of the budding journalists he greeted in his office when he told them that if he was starting a newspaper he would get a "passel of police reporters" who could be depended upon to report facts to work for him.

## MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treat-ent Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be U.-ed kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 2 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with a burning and stinging sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

East Brook High Seniors In Annual Production Friday

'We Shook The Family Tree' Title Of Senior Play In East Brook High Auditorium

Each member of the cast of the play, "We Shook the Family Tree" by Hildegard Dolsen, which is to be presented by the senior class of East Brook high school Friday evening, November 14, at 8 o'clock, is ready for the opening curtain.

An entire new stage setting has been completed by the committee and the audience is assured of an attractive evening's entertainment. The play is directed by Mrs. Robert B. McCrumb and Mrs. America Robinson, class advisor. The play, a new and attractive comedy, has the following characters: Attractive Hildegard, played by Marilyn McKee, who nearly turns the town upside down when she decides she no longer wants to be a wall flower; Sally, portrayed by Martha Reiber, a younger sister who aids and abets her; Bobby, the older brother, Bob Patterson, who has a passion for fishing; Jimmy, the younger brother, Bob Pontius, who invents various hilarious gadgets; mother, Rosemary Audia, and father, Jim Book, two parents who have their hands full. Mr. and Mrs. Shirmer, Esther Dean and Harold McConnell, who practically ruin the life of their nice son Freddie, Don Hanna, who wishes knickers had never been invented; Ellie Mae, Edna Pontius, and Jill, Wilda Fennick, two extra pretty popular girls, and a mischief making little girl named Paige, played by Patricia Waddington, who threatens to eat a tube of toothpaste, completes the cast.

ENROLL HERO DOG AS DISABLED VET

BROOKLYN, N. Y.—(INS)—War dogs wounded or disabled in service are eligible for the newly formed National War Dog Chapter of the Disabled American Veterans. Leonard J. Meiselman, commander of the Brooklyn chapter No. 23, recently announced.

Meiselman urged owners of "disabled" dogs that served with the armed forces during World War II to enroll their dogs in the national chapter.

"Pal"—a former Marine—became the first charter member of the chapter at the DAV 26th national convention in Las Vegas, Nev., recently.

The dog was officially presented to the DAV national convention and "sworn in" as the first member of the National War Dog Chapter.

## Will Complete Steel Bleachers

Two More Sections Of New Bleachers At Stadium To Be Erected

### OTHER ACTION AT MEETING OF BOARD

Before the heavy winter weather sets in the steel bleacher seats at Taggart Stadium will probably be finished. It was announced at the meeting of the school board Wednesday night that the Pittsburgh-Des Moines Steel Company would proceed with the two other sections of the seats about November 21.

The seats were to have been installed before the opening of the present football season. A strike in the plant delayed delivery of the complete unit and only one third stands will seat 6,600.

**Other Board Action**

D. G. Ramsey Company was awarded a contract for sufficient Cyclone steel fence to fence in the playing field at Taggart Stadium and also for some work at other schools. The contract price is \$3,384.80 for the stadium fencing and \$632.40 for the other schools.

The Wabash Bears were given permission to use the Taggart Stadium on the night of November 21 and on Thanksgiving afternoon for football games. The board members said they felt the Bears were entitled to this courtesy for their fine co-operation in arranging a football game on Friday night for the benefit of the "On to Bethlehem" fund for the school band.

Bids for a new truck for the school board were opened and bids reported to a committee with power to award a contract.

Dr. Robert F. Galbreath and Fred H. Allen appeared before the board and asked that the board permit one hour per week "released time" for students of the fourth and fifth grades of the elementary schools for Protestant religious instruction. Dr. Galbreath was informed that the board favored the plan if it could be shown that sufficient parents were interested enough to have it done and if a plan could be formed which would not take too much time from the students class room work.

Secretary John B. Bechtol was instructed to advise other faiths of the board's decision, and inquire if they wish to participate.

### Armistice Day Program Given At Westminster

NEW WILMINGTON, Nov. 13.—A special chapel program marked the observance of Armistice Day at Westminster College. The program was under the direction of Ralph Lufkin of Cambridge, N. Y. Students who participated in devotionals were Kenneth Stewart, Washington, William McClelland, New Castle, and Frank Ruth, Chambersburg.

Special music was provided by a quartet composed of Edward Good, Wooster, O.; James Fudge, Elmira, N. Y.; Frank Darby, Ocean City, N. J.; and Robert Lane, Allquippa.

"Taps" was sounded by Charles Black of New Castle.

## Four Jews Killed North Of Tel Aviv

LONDON, Nov. 13.—(INS)—Reuters reported Wednesday from Jerusalem that four Jews, three of them girls, were killed in a clash with a combined force of British troops and police.

Two other Jews were reported seriously injured in the fighting which took place near Herzlia, north of Tel Aviv.

The dead and injured were said to be members of the Irgun Zvai Leumi.

The dispatch, quoting a Jewish source in Tel Aviv, said the Jews were intercepted by the Britons while carrying out weapon training exercises.

### TEMPLE ISRAEL FRIDAY SERVICES

Sabbath services at Temple Israel will be conducted Friday evening, with Dr. Ivan J. Gruen in charge of the services.

He will also preach on the subject, "Why the Displaced Persons Cannot Wait."

## YOUTH MAY LOSE SIGHT OF EYE IN HUNTING MISHAP

PITTSBURGH, Nov. 13.—(INS)—John Schutika Jr., 12, of Kennedy township near Pittsburgh,

today faced possible loss of his right eye as the result of a hunting accident.

Police Chief R. J. Van Vreehin of Kennedy township said the lad was accidentally shot by his father while the two were hunting in

woods near their home. One pellet from the father's shotgun entered the eye.

He also suffered wounds of the face, head and shoulders.

## GIRL COLLECTS DOLL 'LEAGUE'

CHARLESTON, W. Va., (INS)—There's a complete "League of Nations" family at the home of a 10-year-old Charleston girl.

They're all dolls, in native dress, collected by Jackie Haley as a hobby — a hobby she started herself without parental prompting two years ago.

She even has a Japanese doll which reportedly was worshipped as a goddess in a Japanese home.

Dolls from many countries as Switzerland, Italy, India, Japan, China, Guatemala, Mexico, Canada, France, England, and many other countries, including of course, the United States.

Little Jackie started her hobby while many relatives and friends of the family were overseas in service. It didn't take her long to collect that "League of Nations."

The only municipally owned archaeological project in the United States is Pueblo Grande, about four miles east of Phoenix.

## Union Prepares For Junior-Senior Play November 21

'The House Without A Key' A Charlie Chan Mystery To Thrill Audience

Who murdered Dan Winterslip? The answer to this question will be known when the curtain comes down on the final act of "The House Without A Key", a three-act Charlie Chan mystery, written by Earl Derr Biggers.

The play of course is the annual junior-senior play, to be presented at Union township high school on Friday evening, November 21, at 8 o'clock.

Directed by Mrs. Helen King, the play promises an evening of mystery and thrills, and the solving of the problem of who killed Dan Winterslip.

## Refuse Divorce On Incompatibility

CHARLESTON, W. Va., Nov. 13. —(INS)—The West Virginia supreme court has ruled out incompatibility as grounds for divorce.

The unanimous decision declared that "marriage is not a status that should be approached under the belief that if a person does not like it he can quit."

The decision reversed a Harrison County circuit court decree granting H. L. Harbert a divorce from his wife, Lulu, on a charge of cruel and inhuman treatment.

**SO WE ARE SPENDING OVER \$3,000,000.00 TO INCREASE THE OUTPUT OF OUR POWER PLANT**

Today the demand for electricity is greater than ever before. To meet this unprecedented demand, we are spending over three million dollars on a construction program that will more than double our present capacity. At our power plant in West Pittsburg the installation of another generating unit is nearing completion. In addition, many miles of new transmission and distribution lines to bring the electricity to you are under construction. These improvements will

go far to assure you constant, dependable service any hour of the day or night.

This expansion is proof of our faith in the future of the territory we serve and the American free-enterprise system.

The millions for improvements include the savings of many investors from all walks of life. From their savings will come an ever-improved standard of living for you and your neighbors.

## Eight Causes Of Death Reach New Low Rate In Year

NEW YORK, Nov. 13.—At least eight causes of death will probably establish all-time record low rates in 1947, the statisticians of the Metropolitan Life Insurance Company forecast. The causes are tuberculosis, pneumonia and influenza together, appendicitis, syphilis, measles, scarlet fever, whooping cough, and accidents. This forecast is based on the experience among the many millions of the company's industrial policyholders for the first nine months of the year.

The mortality from pneumonia and influenza has declined to a level 17 per cent below the corresponding rate last year and 71 per cent below the figure of only a decade ago. "Apparently the day is not far distant," the statisticians comment, "when pneumonia and influenza together will be among the minor causes of death."

**New Minimum**  
The record for tuberculosis is also outstanding. Not only has the mortality from this disease set a new minimum, but the per cent decline so far this year has been more than twice the average annual reduction in the past decade. The death rate among the industrial policyholders is now below 35 per 100,000. Only 10 years ago the rate was about 50 per 100,000, and two decades ago almost 100 per 100,000.

In contrast to the favorable trend of mortality in evidence for the infectious diseases, cancer and the cardiovascular - renal conditions show a slight increase.

Suicides and accidents show a satisfactory improvement over 1946 the statisticians report. The favorable experience for accidents is attributed to the decline in deaths through the demobilization of men in military service, as well as to reductions in home and in motor vehicle accidents. Home accidents are the lowest in the history of the company, while motor vehicle fatalities are the lowest for any peacetime year since 1922.

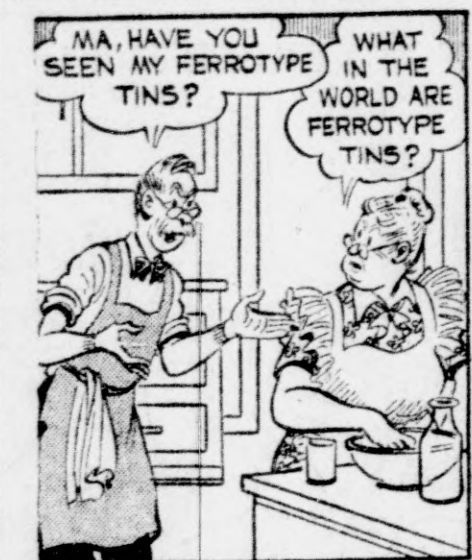

## Optimist Club Will Open Benefit Play Series Friday Night

Starting Friday evening, November 14, the Optimist Club of New Castle will present three sensational Broadway plays produced by the Civic Drama Guild of New York City for the benefit of the boys activity work of the club.

The first of the series, "Dream Girl," written by Elmer Rice, one of the most prolific of American playwrights, became an immediate and overwhelming hit when it opened on Broadway.

The second in the series will be presented on Friday evening, January 9, when "Made In Heaven," a comedy that became an overnight success on Broadway is dramatized. Third and final play in the series will be presented in April.

P. L. D. Reading Circle met recently at the Y. W. C. A. center, Elm street, with Mrs. Mattie Weber as hostess. After devotion and a short business session, current events were given by Blanche Dillard and Elizabeth Thomas. A paper was read by Carolyn Williams, duet by Lottie Minor and Beatrice Richardson. Topic of the evening was a Bible quiz on the life of Paul, with prize going to

Elizabeth Thomas. After a social period, the hostess, assisted by Mary Mann, Ethel Wall and Annabell Harris served dainty refreshments. The club will meet in two weeks with Mrs. Carolyn Williams, Beaver street. Remembrance day will be observed in the Union Baptist church, West Grant street Sunday afternoon at 3 p. m. with Rev. Ingram, of the Mt. Gildeon Baptist church, Cleveland, Ohio. His choir and congregation will accompany him.

## Funeral Service For Sgt. Bradford Friday Afternoon

The body of Sgt. David R. Bradford, Jr., son of Mrs. Mary Bradford, 507 East Leasure avenue, arrived here this morning, from overseas and was taken to the Joseph B. Leyde mortuary, Highland at Winter. The family will meet friends tonight 7 to 9 o'clock. Funeral services will be from the funeral home, Friday at 2 p. m., and military services will be conducted at the Castle View Burial Park, by the Perry S. Gaston Post, of the American Legion.

## Local Sailors Enjoying Leave

Walter E. White, fireman second class, son of Mr. and Mrs. Carl E. White of McCleary avenue; William J. Benzick, seaman second class, of 699 Arlington avenue, and Wayne R. Eakin, seaman second class of 1819 Washington street, New Castle, are home on leave after successfully completing twelve weeks of recruit training at the Great Lakes Naval Training Station, Ill.

Upon the completion of their leave all three men will proceed to the Philadelphia Receiving Station for further assignment to either a navy trade school or duty aboard a naval man-of-war.

## Hit-Run Victim Still Unconscious

Louis Stanley, 70, of Edenburg, who was critically injured when struck by a hit and run auto driver, Tuesday at midnight, on Moravia street, is still in a grave condition at the New Castle Hospital, and according to hospital authorities has not regained consciousness.

Mr. Stanley suffered fractures of both legs below the knees, forehead lacerations, and a fractured skull, pelvis and chest.

City police officials are still searching for the driver of the auto who struck the injured man, but this morning reported they have been unsuccessful.

## EX-POLICE CHIEF DIES FROM WOUND SELF INFLICTED

HONESDALE, Pa., Nov. 13.—(INS)—Nicholas B. Spencer, 77, former police chief and Burgess of Honesdale, died last night in Memorial hospital of a self-inflicted bullet wound in the head, police reported.

Spencer had been ill for several months according to Wayne County Coroner Vernon Walsh.

Police said Spencer telephoned undertaker Franklin Myers Tuesday to "come and get me." When Myers arrived at the Spencer home he found the victim wounded with a .38-calibre revolver by his side.

## Demand Yugoslavs Release American

TRIESTE, Nov. 13.—(INS)—United States army officials on Wednesday demanded Yugoslav troops release an American soldier who was seized Tuesday while fishing in the Vipacco river, near Gorizia.

The soldier was identified as T-4 Duell A. Ferrell, of the 351st infantry, a resident of Starkville, Miss.

He was fishing with Sgt. Joseph Pilate, of Dubois, Pa., but the two G.I.'s separated.

A short time later Pilate saw Ferrell on the opposite side of the river in the custody of Yugoslav troops.

# Virtual Loss Of Peiping Is Now Conceded

By SEYMOUR TOPPING  
(N.S. Staff Correspondent)

NANKING, Nov. 13.—(INS)—A government military spokesman in Nanking conceded today the virtual loss to Chinese Communist siege troops of Peiping.

Two thirds of the city's 10,000 Nationalist defenders already have been killed in the assault by 100,000 Red troops, the spokesman disclosed.

He said there was little hope for the survival of the remainder of the government garrison.

He announced that the main body of the Nationalist troops in Shihkiachung had withdrawn from the key before street fighting began three days ago.

The spokesman asserted that the Siege hurred against Shihkiachung represented the combined Communist strength in North China.

Uranium, the important element used in atomic experiments, was discovered in 1789 and its discoverer named it in honor of the planet Uranus, which had become known only eight years before.

# 'Listen To Leon' To Be Presented Friday At Plaingrove High

Three-Act Farce Will Be Given By Senior Class Cast In High School Auditorium

A three-act farce by the Plain Grove high school senior class will be presented on November 14 in the high school auditorium at 8 p. m., under the direction of Mrs. Anita E. Scott.

Leon has what amounts to a genius for lying. "Why tell the truth when a lie is so much more interesting?" he asks and adds that if he lies himself into trouble, he can lie himself out of it again. He has to prove that statement as one complication piles on complication.

The lovable irresponsible Leon is played by Walter Rieznek; his valet, Lloyd Yeland, with much stage business; worried Archie Byran, a fine old gentleman who thinks there is no one like Leon, Henry Forte, Ann Cushman, Mary Cunningham, and Caroline Jamison, Isabell Shepp, are two pretty girls who are the best of friends at times.

Nellie the maid is played by Marjorie Foster, while Babe, an old maid at 40, who dresses in styles suited to school girls and wears her hair in Mary Pickford curls that accent her age is played by Roberta Cory.

Between the acts music will be played by the high school orchestra led by Mrs. Anita E. Scott. Doris Mae Cirillo will be heard in a vocal solo, Mrs. Helen Boone is in charge of make-up, while Miss Helen Woods is in charge of tickets.

Julius Caesar conceived the idea of one-way streets as traffic aids.

## Maj. Gen. Meyers Admits He May Have Made Error

Failed To Make Report Of "Corrupt" Offers Made To Him In 1944

By WILLIAM THEIS

(U.S. Staff Correspondent)

WASHINGTON, Nov. 13.—Maj. Gen. Bennett Meyers admitted Wednesday he may have "erred" in not reporting what Senate investigators termed a "corrupt" offer of a house in California and a job from Howard Hughes.

The retired Air Force contract officer testified before the Senate war investigating committee that he believed Neil McCarthy, a Hughes vice president, was "trying to curry favor" in 1944 when he made the alleged offer.

Meyers told the committee under persistent questioning by Chairman Ferguson (R) Mich.: "Can you imagine an officer in the army—one who had been in the army all my life—allowing a contractor to give me a house?" "Then you did think it was corrupt—in effect a bribe?" Ferguson shot back.

The major general, now retired on a pension of \$461 a month, replied: "I don't know whether it was a

bribe or not. I know my conscience certainly would have hurt me."

Ferguson asked Meyers why he "didn't report to higher authorities" the McCarthy offer of a house as a "gift" to assure the officer coming to work for Hughes after the war.

Meyers responded: "I don't know why I didn't. Maybe I was wrong... maybe I erred. I've erred many times."

The witness said there was "lots of job offers floating around" at the time the purported Hughes offer was made. But he said he couldn't think of any others that were "tied up" with a government contract.

**Allentown Chief Will Start Over, Becomes Patrolman**

ALLENTOWN, Pa., Nov. 13.—

(INS)—Allentown Police Chief Wayne Elliot, who was kidnapped in his own car last September by a gang leader, was slated today to be demoted to a patrolman.

The move was part of a general shakeup of the force announced by Mayor-Elect Donald V. Hocks, who won a surprise Democratic victory. Hocks said the changes would be effective when he takes office Jan. 3.

**Preferred Bottom**  
Although Elliot was offered the rank of lieutenant or sergeant, he chose to go to the bottom if forced to accept demotion. Capt. James Christine, 20-year-old veteran on the force, will succeed him.

Elliot's kidnaper was Ebor Worswick, 23, who marched the police chief to his car when Elliot stormed into a house in which he was supposed to have been "trapped." Worswick released Elliot in Bethlehem, and was captured several hours later.

## Princeton Seniors To Present Annual Play Friday Night

## Forty Hours At St. Vitus Church

Services Start Friday At 9 A. M. With Solemn Closing Sunday Evening 7:30

Forty-hour devotions at St. Vitus church will open with a solemn high mass Friday morning at 9 o'clock. Rev. Fr. Nicholas DeMita, celebrant; Rev. Fr. Albert M. Inteso, deacon; Rev. Fr. V. Bertoline, sub-deacon, and Rev. Fr. Richard Paluse, master of ceremonies.

A procession will be held with the clergy and altar boys participating. The Blessed Sacrament will be exposed all day, and at the evening services at 7:30 o'clock, Rev. Fr. Richard Paluse will preach a sermon.

Saturday morning, exposition of the Blessed Sacrament will take place during the 7 o'clock mass. Other masses will be at 7:45 a. m., and 8:30 a. m. Rev. Fr. Nicholas DeMita will preach at the 7:30 p. m. services.

Sunday masses will be at 7, 9, 10:30 and 12 o'clock noon. The Blessed Sacrament will be exposed, and it is expected that many devotees will enter the church to offer prayers for a lasting peace in this world today, facing a crisis.

The solemn closing of the forty hours devotions will be Sunday evening at 7:30 o'clock. Rev. Fr. Sebastian Ippolito will preach the sermon in Italian, and Rev. Fr. Francis Ginechi of New Kensington will deliver the sermon in English.

The solemn procession will take place under the direction of the St. Vitus church sisters, and the Sodality and children of the parish will be included. In addition to the clergy officers in charge of the opening forty hours mass, other local priests will also assist in the sanctuary. Chrysanthemums and other fall flowers will adorn the altars during the services, and also palms and ferns.

As usual each year, the church will be filled to capacity at the forty hours devotions, and Father DeMita urges the people of his parish to offer their prayers in this time of need.

# Moran, Pozza Win Via Knockout Route In Arena

They Make The Trojan "T" Boil

This husky group of Ellwood Trojans brews a potent brand of "T" and hope to give the Wabash Bears a taste of it Friday night. The backfield, left to right, is "Dutch" Wiltrout, Joe Vargo, Vince Manauzzi, with Jack McClintick the man "under center". Over the ball is Dan Pelloni, the standout center, and crack line-backer.

## Titans-Groves Clash Saturday

NEW WILMINGTON, Pa., Nov. 13.—Westminster college will journey to Grove City Saturday, November 15, to ring down the curtain on a none too successful Titan football season. The Titans will enter the game with a record of one win against a half dozen set backs, and the prospects of taming the Groves appear very slight indeed.

Coach Jim Loveless's Grove City griders trampled Thiel into ground last Saturday while Westminster was dropping number six at Waynesburg. On comparative scores, the Groves appear much the better. They whipped Thiel 20-3. Westminster was on the short end 26-7 against the Greenville collegians.

### Finale For Six

The game marks the final appearance in Westminster grid logs for a trio of Titans. Joe Mastro, little quarterback from Jeannette, Ed Kusack, guard from Monessen, and Ed Gray, tackle from Erie, all play their last team.

Three others, all on the injured list, Joe Demiose, Bob McDaniels, and Walter Schumm, will bid farewell from the bench.

## K. Pulaski Sports Club Picks Telesz As New President

Al Gonet Renamed As Head Basketball Coach For 1947-48, Joe Cooper Assistant

Frank Telesz has been elected the new president of the K. Pulaski Sports club, with Al Gonet being renamed as head coach of the K. Pulaski "Big Five" and Joe Cooper as his assistant for the 1947-48 season. The K. P. team was city-county champion last year.

Elections took place last night at the club following a very nice session in which basketball was the main topic. Other officers named are as follows: Frank Check, secretary; S. Carr and John Pilch, trustees; business manager of basketball, Stanley Gonet; Frank Kuzarski as timekeeper and Stanley Gonet as scorekeeper for the basketball games. Stanley Boda, equipment manager, coach of the K. Pulaski Cubs, Joe "Peanuts" Hnat.

### Starting Workouts

Practices will be held each Monday, Tuesday, Wednesday and Friday evenings at 7 o'clock at the club hall. The K. Pulaski "Big Five" will utilize the Union High court for weekday games and Sunday games will be carded at the Arena, Gonet announced.

This is the 15th year the K. Pulaski club has sponsored a basketball team. The record for the past three years is great—52 and 8 last year, 31 and 5 in 1945-46 and 10 and 1 in 1943-44.

Games will be scheduled with the strongest teams in western Pennsylvania and eastern Ohio. Gonet stated, The K. P. "Big Five" will be one of the best to ever represent the club. No roster has been named as yet.

## Buddy Young Here Nov. 23

Canton Cushites Sign Famous Illinois Grid Star For Basketball Season

CANTON, O., Nov. 13.—(INS)—Buddy Young, fleet halfback of the New York Yankees of the All-American football conference, was added today to the roster of the Canton Cushites, Negro pro basketball team.

Maurice Szink, business manager, said Young had signed a contract to play for the 1947-48 season. Szink also announced that Jackie Robinson, Brooklyn Dodgers baseball star, will not play with the Cushites this season because of stage and movie bookings.

**CUSHITES HERE NOV. 23**  
The famous Canton Cushites colored pro basketball team will play the Oklahoma Indians at the Arena floor in this city, Sunday, November 23, at 4 o'clock, it was announced by Stanley Shaw.

This will be the first appearance here of the famous Illinois University and New York Yankee speedster.

## Slovaks Holding Baseball Party

The Slovak club is holding a baseball party for the 1947 players and officials of the club this evening at 8 o'clock at the club rooms. It was announced by Manager Steve Gonda. A general good time is in store for those who will attend. All players and any others connected with the club are invited.

**NEW BASKETBALL BOOK**  
PITTSBURGH, Nov. 13.—(INS)—Cal Bolster, commissioner for selection of officials for the Tri-State Basketball Association, has issued a booklet for his whistlers, entitled "Policy of Playing Procedure."

The booklet contains advice for the college and officials in five sections: divided as: held ball, pivot play, demands of officials, offensive dribbler and "do not guess on any fouls".

## Frankie Batters Sub; Billy Wins In Second

Jessie Riddles Of Buffalo, Seep's Substitute, KO'd In First; Jeff Clanton Scores Technical Knock-Out Over Harold Hazlett; Crews Is Winner.

Frankie Moran annihilated Jessie Riddles of Buffalo in the first round, Jeff Clanton of Buffalo scored a TKO over Harold Hazlett of Rochester in the third session and Billy Pozza stopped J. D. Harvey of Pittsburgh in the second chapter, in three of the five pro fights, held by the Jefferson A. C. in The Arena before 1,000 fans last night.

Riddles substituted for Billy Seep, who failed to appear because of laryngitis. Word did not reach Tommy Leach, matchmaker, until three o'clock yesterday when Seep's manager, with Riddles in tow arrived in the city. Before the show went on Leach announced the substitution. He proved no match for Moran.

When the Moran-Riddles bout started both fell short with blows for the head. Riddles retreated with Moran in pursuit. Moran chopped a right to the head then followed with another right to the head and a left to the stomach. Riddles put a left to the face. Moran caught Riddles flush with a right on the chin and down he went for a count of nine. When he arose another left put him down for another nine count. When he got up again, Frankie sent a left to the body followed with a right to the jaw that knocked him out.

**Clanton Scores TKO**  
Jeff Clanton, colored, of Buffalo scored a TKO in the third chapter over Harold Hazlett of Rochester. After fighting viciously in the first session, which was almost even, Clanton cut loose in the second. He drove Hazlett into a corner and Clanton went in for the kill.

He put a terrific right to the head and the bell sounded. Neither the fighters nor the referee heard the bell. Yells from the fans startled the referee into action and he stepped between the men. Hazlett suffered a bad cut on the lip and the referee terminated the bout at the end of the second. Because he didn't answer the third bell, it counts as a three round 8KO.

Ray Crews of Ellwood City and Al Seep of Chester, middleweights, staged a tough, grueling six round battle. Crews forced the fighting, landed the most blows and delivered the hardest punches. Sayre depended too much on a right to the head that invariably missed.

The first round was slow, but Crews took the second by a shade. He won the third and Sayre captured the fourth. Sayre landed a terrific left hook to the head at the end of this round. Crews took the last two sessions. The judges differed and the referee, Sam Leyschock, gave the fight to Crews.

**Pozza Wins K.O.**  
Billy Pozza, Ellwood City lightweight, made an auspicious pro debut, stopping J. D. Harvey, of Pittsburgh, a tall rangy negro in the second round. In the first Harvey jabbed and circled Pozza. Midway in the round, Pozza sent a hard right to the body.

Pozza followed with another right to the body, then Harvey backed to the ropes where he put a left and right to the head and some light punches to the face. Pozza hit the side of Harvey's head, then put a left hook to the body. He forced the fighting.

When the second opened Harvey chopped a right to the head but missed when Pozza backed to a corner. Pozza rushed, landing a

## Penn Hopes To Tounce Army Nemesis Saturday

By LAWTON CARVER (International News Service Sports Editor)

NEW YORK, Nov. 13.—One of football's hottest feuds will be resumed Saturday at Philadelphia when Army goes against Penn.

This one will be for blood, preferably the other fellow's, and if anybody tries to tell you different, ask him if he knows these facts of football life presented herewith.

Back in 1940 Penn smashed and battered a weak Army eleven by 48 to 0 and built up what is generally known as burning resentment among some of the West Point brass.

As the story goes, Red Blaik, the current Army coach, was told that part of his duties as coach would be to equalize that black mark. When he took over the team he set about his task promptly and with eventual success.

Penn defeated Army by 14 to 7 in 1941, by 19 to 6 in 1942, then the following season was held to a 13-13 deadlock, whereupon Davis and Blanchard and the war made-up a triumvirate that got even with plenty left to spare.

**Cadets Ran Wild**  
Army poured it on Penn in 1944 by 62 to 7, in 1945 by 61 to 0 and last year by 34 to 7. That adds up to 157 points against 14 in three years of tussling between two large and proud institutions.

These games do not come in the category of those breathers in which the under dog is happy to escape with his life. While Army actually will be the under dog in this renewal of the red-hot feud there are many observers who will be stringing along with Army to win.

Penn thus will lay its perfect record on the line against a good team which at times approaches a very good rating, and a team battling to avert the humiliation of a one-sided defeat. Penn definitely plans to pour it on.

Army did during the war years when Penn was forced to rely on under age and inexperienced players. Both teams will be in excellent

## Bethlehem Tickets Have Arrived Here

J. H. Earl McKenzie of New Castle High announced today that tickets for the New Castle-Bethlehem game have arrived in this city and will be placed at the Sporting Goods store today.

Fans who ordered tickets may get them anytime. Student tickets for the Bethlehem game will go on sale at the schools today, Friday and Monday, McKenzie announced.

## Last Night's Fights

(By International News Service)  
New York (Jamaica Arena)—Herbie Kronowitz, 158½, Brooklyn, defeated Indian Gomez, 161, Valley Stream, N. Y. (10).  
Binghamton, N. Y.—Sam Baroudi, 170, Akron, O., knocked out Prentiss Hall, 170, Buffalo, N. Y., in 1:45 of 6th (10).  
Portland, Me.—Hermie Freeman, 140½, Eagle Lake, Me., defeated Vince Callahan, 140, Boston (10).

## COAST LEAGUE DEMANDS STATUS AS MAJOR CIRCUIT

HOLLYWOOD, Nov. 13.—(INS)—President Victor Ford Collins of the Hollywood Stars said today the Pacific Coast league's demand for major league status within three years was being made because fans were ready to support big time baseball.

Collins said: "It's been talked about for a long time, and the great population increase out here will support it."

"The creation of a third major league also will be the greatest incentive to young players known."

The Detroit Lions have announced the purchase of Fullback Steve Susic from Chicago Cardinals.

## Bears Must Stop Fleet Array Of Trojan Backs

Speed to burn in two sets of backs has given the Ellwood City Trojans a jump on most of their opponents this season, and it is this lightning attack that the Wabash Bears must throw out of gear to win Friday night at the stadium.

Head coach "Bill" Young can call upon the efforts of eight men who can really carry that leather and whip it through the ozone.

Jack McClintick, ace of the 1944 high team, is the No. 1 "T" quarterback, a deft ball-handler and top-flight passer. He has been bothered by injuries most of the season, but hopes to run the team against the Bears. His understudy is Tilla, also a fine aerial artist.

Hard-running halfbacks include Sudano, Manauzzi, Glowowski and Miller while the fullbacking is in the capable hands of "Dutch" Wiltrout and Joe Vargo. Manauzzi had a brief fling at Pitt under

Jack guard, and former Pitt performer, Leon Presto was an all-state end in 1944 and his mate, Chesio, was also a great terminal at the high school. Dan Pelloni is the No. 1 snapper-back, while Mike Dudick and Carl Agostinelli man the tackle slots. Al Geneviva is the other guard.

This talent adds up to a fine football team, one that has vowed to win Friday night under the lights.

The Bears are grimly determined the invaders shall not walk off the field victorious. Thousands of fans are expected to see who is right. Tension runs high in one of the top attractions of the season here.

Kick-off is slated for 8 p. m. Tickets are still on sale—one dollar for reserved seats, and 75 cents for general admission. Student tickets go at 35 cents.

Proceeds of the game will go towards the financing of the band's trip to Bethlehem Turkey Day.

## Cagers Discuss New Floor Loop

Wednesday evening in the Y. M. C. A. five teams met to discuss the formation of a civic-industrial basketball league.

After the purpose and rules of the loop were aired the managers were asked to vote on the league, but since some present did not have the power to do so, it was agreed to hold a final session Monday, November 17, at 8 p. m.

If the league is to function it must start in November along with the church circuit, it was pointed out.

Six members of the Duke athletic staff, five of them assistants in football, are products of head man Wallace Wade's teams at Alabama and Duke.

## HERE AND THERE IN SPORTS' LAND

**WHEN** New Castle plays Bethlehem, Thanksgiving Day at Bethlehem, they'll have to be "on their toes" and pay especial attention to Calvo, quarterback, and Pretosh, right halfback. This is the opinion provided Here & There by Alvin Sygowski, Ne-Ca-Hi graduate of '34, now a resident of Pottsville, who saw Bethlehem defeat Pottsville, 32-14, Friday last, before 13,000 fans, at Pottsville. "Calvo and Pretosh will be All-State. Calvo is the best passer I ever have seen and Pretosh is a 9.5 track star, and is one of the best of open field runners. The line which is big and fast, charges hard. In closing, I might say I'd like to see Ne-Ca-Hi win from Bethlehem." According to the newspaper clipping, Pottsville played a much better game in the second half, having found a means of halting the passing of Calvo, which meant stopping a major portion of the Bethlehem offense. The clipping adds that Pretosh, who scored two touchdowns, showed tremendous speed in breaking away fast through the line, with his 70 yard run in the fourth period being totally unexpected. In the opening kick-off, Pretosh gave an exhibition of his speed by dashing 43 yards to his own 48, from where the team started its touchdown drive, after which Calvo went into aerial tossing. . . . In a side-light comment, the Pottsville sport scribe writes: "What was expected to be a close battle resulted in a nightmare for Pottsville as Bethlehem's undefeated machine rolled up the biggest margin of victory since Allentown swamped Pottsville in 1945. It was simply too much Calvo and Pretosh. Pretosh, by the way, gave ample proof why he's the PIAA district sprint king as he broke loose for numerous dazzling runs."

Should Joe Louis successfully defend his title against Jersey Joe Walcott, December 5, in New York, Gus Lesnevich, light-heavyweight champ, who recently knocked out Tami Mauriello, will be his next opponent. . . . The trumpet call of the whooping crane can be heard for about three miles. . . . Judging from past performances, Notre Dame is expected to come up for the University of Southern California game, December 6, unblemished. . . . There's a story making the rounds about the grid player who raced 60 or 70 yards through a broken field for the winning touchdown. A few days later, his coach was reviewing films of the game and three times he stopped the projector to point out flaws in the lad's technique. "You should have cut to your right there," he'd say or "You broke away from your blockers there." . . . "Yes sir, coach," the kid responded as he watched his image cross the line "But how was it for distance?" Hugh Fullerton, Jr., tells that one. . . . Hugh Devore, coach at St. Bonaventure, is said to be headed for Holy Cross next season. . . . Hoot Mon, champion of the 1947 Hamletian, was the season's top money-winning trotter in the Grand Circuit, with earnings of \$56,810 for the Casleton farm.

## Soccer Finale At Westminster Friday

**Titan Booters Have Compiled  
Great Record Of Five Wins,  
One Defeat This Year**

(Special To The News)  
NEW WILMINGTON, Pa., Nov. 13.—The Westminster college soccer team will play host to Grove City Friday in the year's final for both schools. The Titans won the first meeting between the two teams 6-2.

Coach Harold Burry's soccer team has compiled the fine record of five wins against one set back, a 2-1 loss to Slippery Rock. The Titans can lay claim to the district title Friday by trouncing the Groves. Grove City having tied Slippery Rock in their last meeting. Burry has enjoyed unusual success with the fall minor sports at Westminster. The soccer team has compiled a fine record the second year after its introduction on the Westminster campus. The cross-country team, also under Burry's direction, whipped West Virginia last Saturday to end their season with but one loss, that to a great Pitt team, against seven wins.

## Maxim Nearer Crack At Louis

CHICAGO, Nov. 13.—(INS)—Joe Maxim, Cleveland boxer, moved a step nearer today to a chance of fighting Joe Louis for the world's heavyweight title.

Maxim projected himself into the role of a possible challenger of Louis by hammering out a ten-round decision over Bob Foxworth of East St. Louis, Ill., in the main event of a Chicago stadium boxing card last night. A crowd of 13,337 fans saw the fights.

Foxworth, who had 13 knockouts to his credit since turning professional last year, won the first three rounds from Maxim. Then the Cleveland fighter fought back on evening terms in the next three rounds and scored his victory in the last four stanzas.

## MASONTOWN HIGH CHARTERS GIRD FOR TITLE CONTEST

WASHINGTON, Pa., Nov. 13.—(INS)—Masontown's Gunners get their chance for revenge tomorrow when they meet Chartiers township under the lights on Washington high school field for the class B football championship of the WPIAL.

It will be a repeat performance if a similar situation two years ago, only—Masontown hopes—with one major revision in the script.

When the two met in 1945 title game, Chartiers turned in a somewhat startling upset to win, 6-0. That's the part of the script Masontown expects to revise during the proceedings on the gridiron.

## EAST-WEST CLASSIC

CONNELLSVILLE, Pa., Nov. 13.—(INS)—The annual east-west all-star football game sponsored by the Fayette County Coaches' Association will be played tonight under the lights of Dunbar township high school stadium.

## Redstone High Football Issue Up To Directors

PITTSBURGH, Nov. 13.—(INS)—A formal protest against Football Coach Joe Chadonic of Redstone township high school, center of a near riot last week, today was dumped into the laps of the school directors by students who yesterday called a strike over the controversy.

All but 100 of the students returned to their classes yesterday afternoon, following a mass meeting, and the others were expected to attend classes today.

The controversy over Chadonic followed his refusal to allow star halfback Bob Hustak to play in last Friday's game, which Redstone lost to Braddock, 12-6. Chadonic, former halfback with the Philadelphia Eagles, said Hustak had ignored discipline rules.

Students and fans threw mud and rocks at Chadonic following the game.

The students' formal protest will be aired by the school directors at a meeting Nov. 20.
